May you live as long as you like
And have all you like as long as
you live
Irene Tandy

Dear Don
Best wishes to a really
fine fella. Its too bad that
our reunion didn't come out but
you really tried.
Don Vidler

Dear Don,
Good luck and
very best wishes to
a swell
fella.
Love,
Betty music
11

Dear Don,
It's been a real
privilege knowing the
"smart" fellow.
I owe you a college
working you
and happiness.
Pete Jones

Dear Don,
Sorry we
didn't get that
reunion.
Best of luck
to a swell
guy.
Bob White

Dear Don -
Well! here we are -
45's - about time to
leave -
It has been so much
knowing you - You are
such a scamp.
Best of luck
Pat Dougherty

Dear Don:
Good luck to a
fine fellow and
hope all your
plans materialize
this summer.
Best wishes.
Clyde (Chuck)
Novak

# This Book Belongs
# To Donald W. Pavlis

Dear Don,
Loads of luck to
a swell guy. Hope I see
you in the future. Be good.
Richard Kerst

Dear Don
Best of luck
to a swell guy
and a good companion
Don
Hal

Mr. Pavlis,
I wish to make
this book and success.
Keep up
Ann Brown

My dear Don,
There's one wish
Be good &
the girls
Dorothy

Don
Best of luck to a
smart feller and
genius. Hope to see
you in college.
Don't work too hard
this summer
Stan Rzepecki
(Ha-a)

Dear Don,
It's really been swell
knowing you. The best of
luck, happiness, and success
to a swell fella.
Sincerely,
Marge Swan

Dear Don
Been pretty
nice having you
around in Chem-
even if you never
were in a hurry to
get out! Seriously
though, I want to
wish you the best of
everything. Helen Shaw

See Page 125

Dear Don,
Good luck and lots of
happiness in your future years.
Bill Karafiat

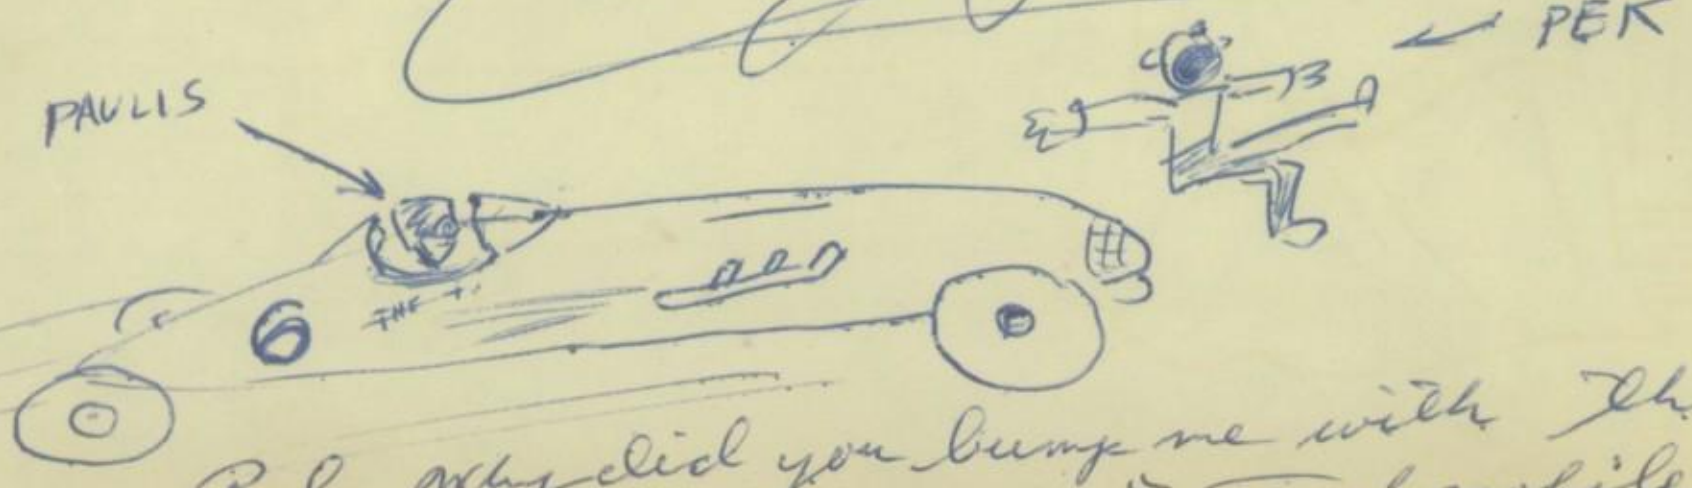
Don
Have fun
be good
Don Mendersma

Dear Don
Live enjoyed
having you in my
class. I wish you
the best of luck and
success. To one swell guy
Jerry Ray

Donald Paulis

Seeing you were the first
chap that I became aquainted
with in Norton I hope that
our friendship lasts longer than
anyone else's "Yes I do, Indeed
I do, You know I do." Well
enough jabber

Best Wishes
Robert "Pek" Pekfalt



P.S. Why did you bump me with the "Technomobile"

It has been an honor and a privilege for you to know me

Jack Northrop

Dear Don,
Best of luck
in your new venture.
Hope you find everything
you always wanted.
Best wishes,
Arlene Stauber

Remember the gods of Greece, . . .

Remember the beautiful ones,

The goddesses, Fortitude, Wisdom, Grace,

And how, in the age of gold

Valor guarded the race,

And the nurse of Art,

Think of the songs at their feasts!

Think of the tales they told,

And how in gold and ivory dreams were wrought

By the free in body, the free in heart.

*Clemence Dane*

Best of luck
Paul Borowka

# THE MORTONIAN OF 1949

MORTON HIGH SCHOOL

CICERO, ILLINOIS

Dear Don
The best of
everything to (my brother)
you. Let's hope that we
both have the same hours
next year so that we
can get in the way
to school. We'll have
to get together more often
this summer. Again!
Best to "my brother"

Yours truly
T. + D. + H.
"Halloween"

# THE GOLDEN AGE

Dear Don,
Have lots of fun this
summer & be good
John Carpenter

The best of luck to a swell fellow who sat in
back of me in Haa

Jim Pawley

Don:
Best of luck to a fellow vocational student Roger

Hurley

Dear Don
It's been swell to know you and go out on the triple date. Let's do it some time.
Best Wishes to you Charlene

Don
Knowing you these past years has been a pleasure. Hope I see you in N.Y.C. next year.
Lots of luck. your friend
Bob Morgan

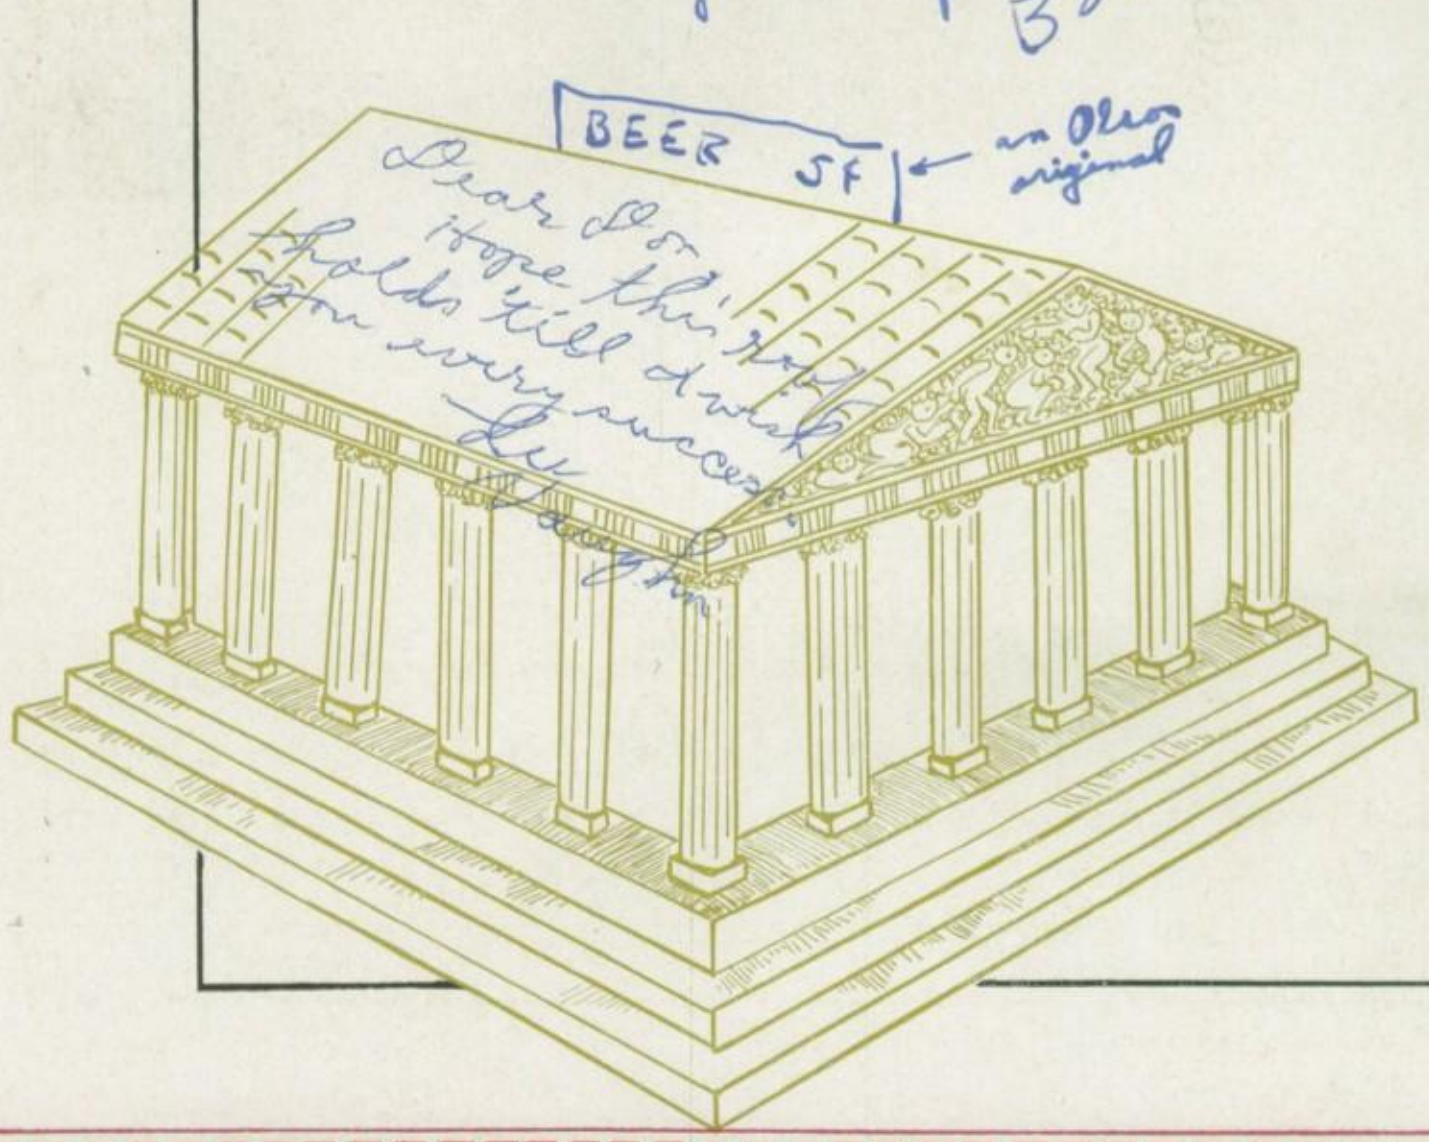
The Golden Age! An era symbolized by learning; an era when the Greeks produced the finest of the fine arts and the greatest of great thinkers; when they explored the secrets of astronomy, mathematics, and medicine; when democracy was practiced and individualism stressed; when the key to happiness was health of mind and body and a well balanced life of work and play.

Today we are mere mortals living in the haunts of this ancient race of gods; for they were certainly gods, else how could they, in a single lifetime, accomplish those things which have lived and come down through the ages to influence our daily lives. Look, now, at these pages. Behind them visualize the Greece of Pericles and you will know that the glory that was Greece has not died but belongs to us today.

Don
Lots of luck
to a grand guy
and fellow
student.
Best Wishes
Wayne
Tom

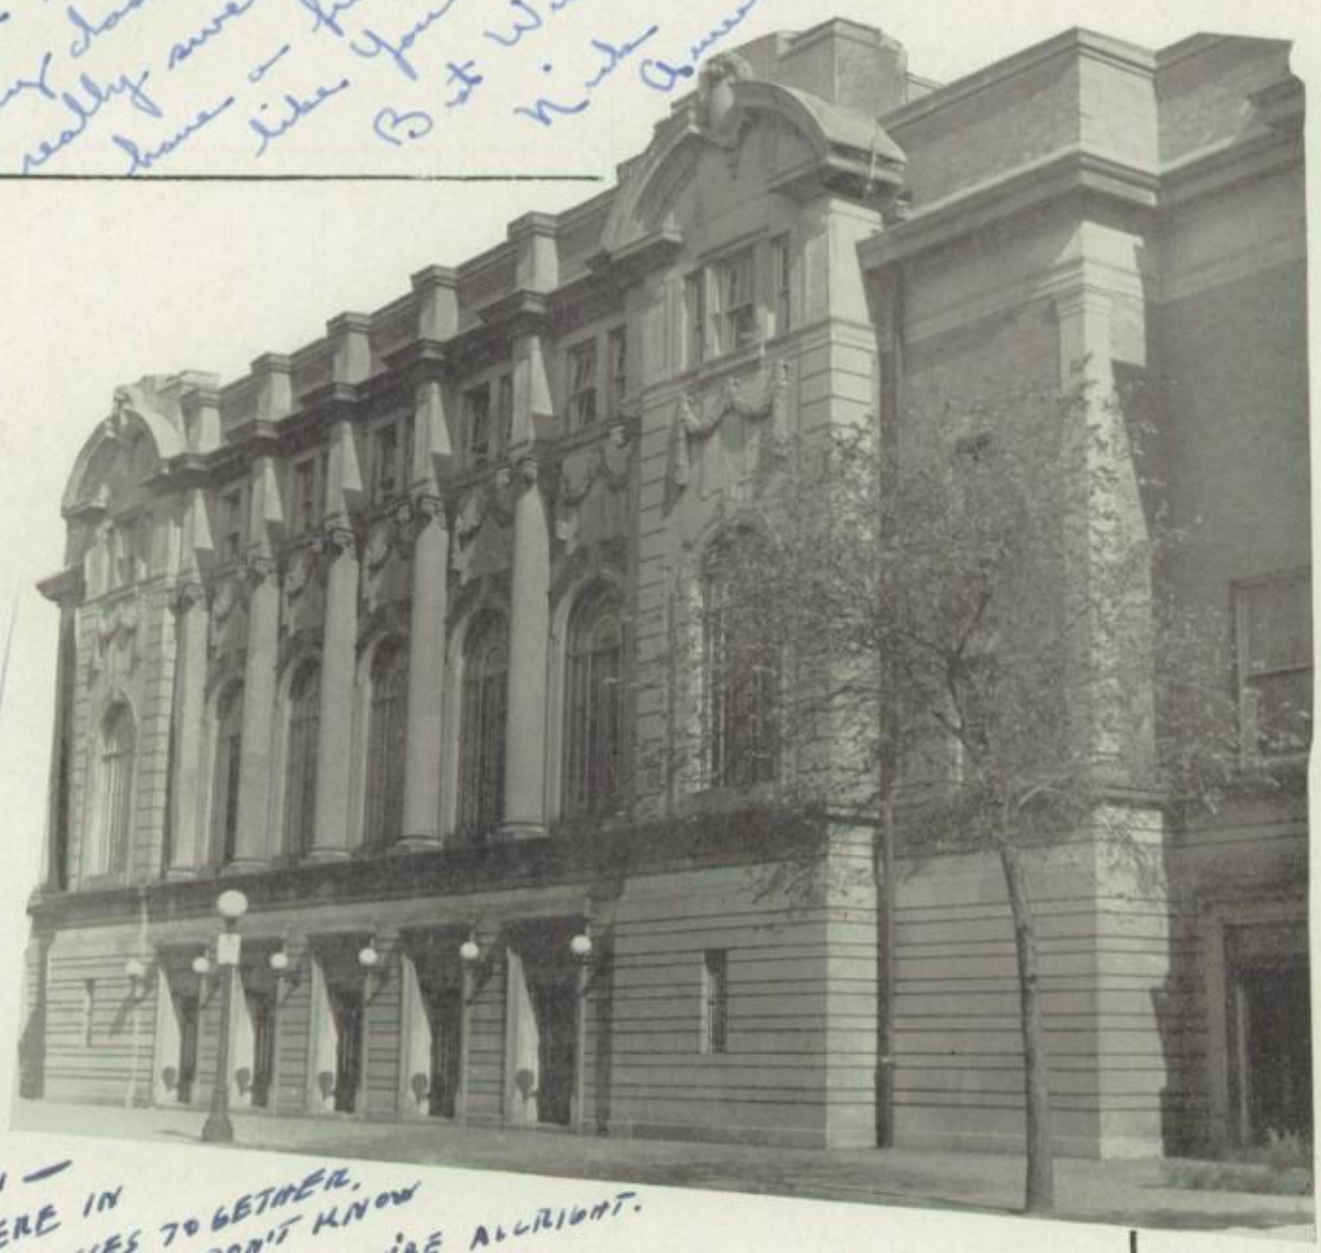
# MIGHTY MONUMENTS
## WHICH SHALL MAKE US..

Dear Don
Good luck & do it and
guy that deserves it and
join the "REC" this summer
Yours Pal and
fellow sufferer
Bob Olson



Don —
Although I didn't have you in any of my classes it really seemed to have a friend like you.
Best Wishes
Nick Amendola

Best of luck to a swell guy from another swell guy.
Bill Sladek

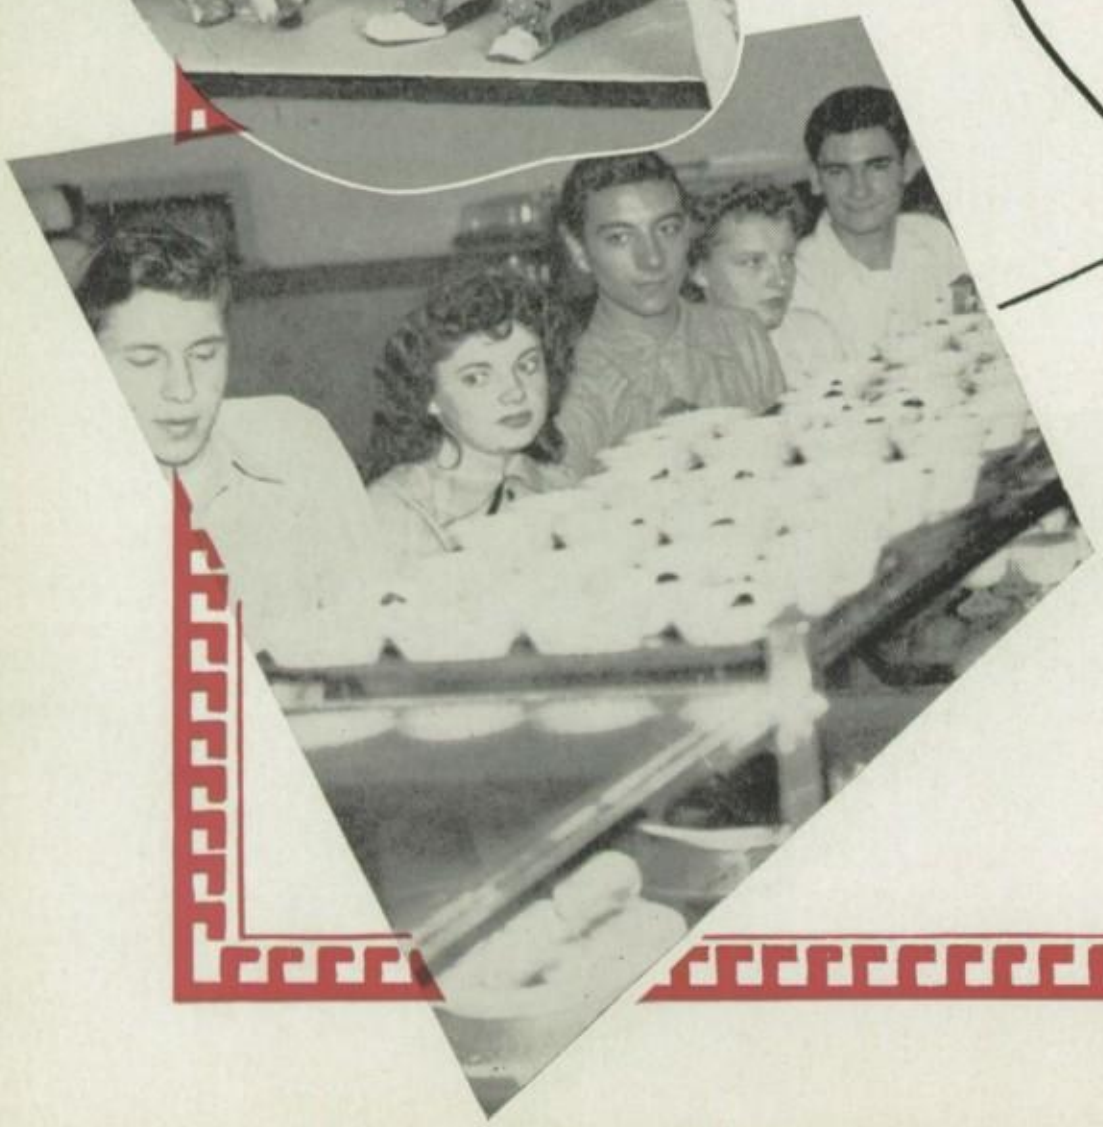


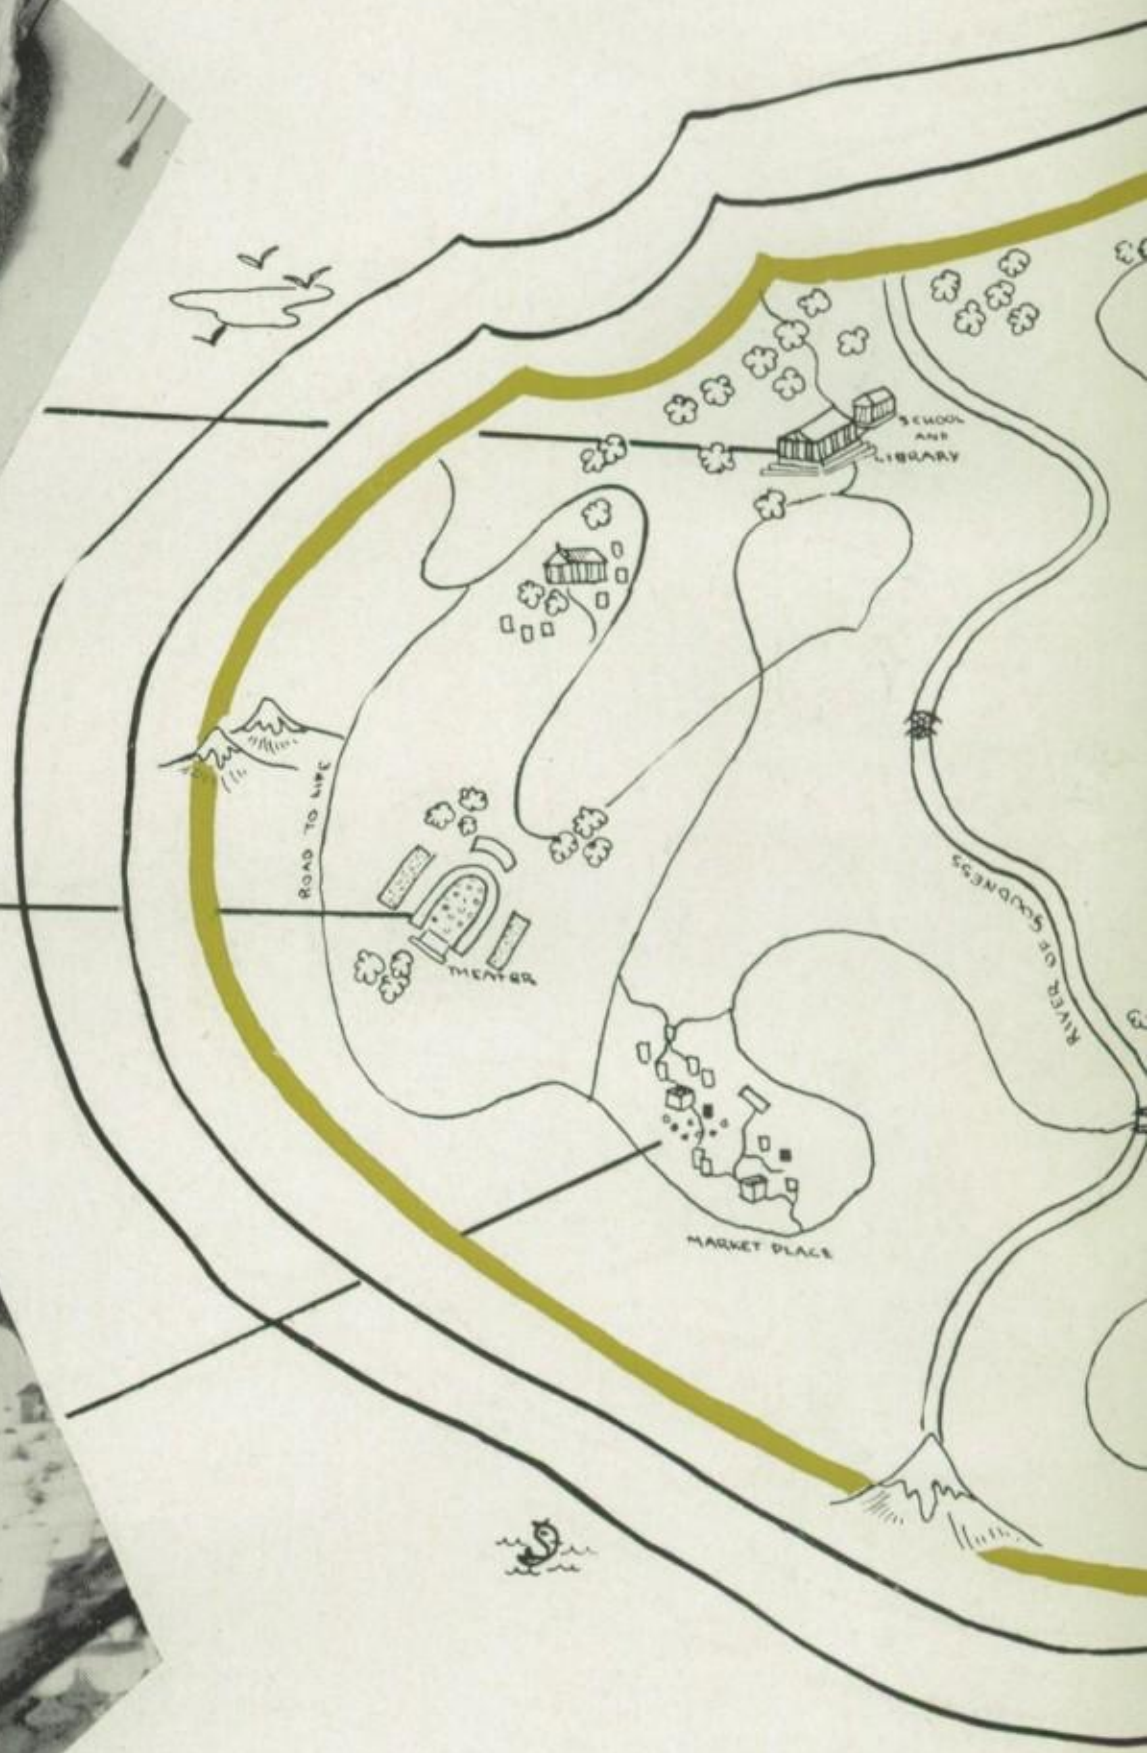
DON —
WE WERE IN
A FEW CLASSES TOGETHER.
AND ALTHOUGH I DON'T KNOW
YOU TOO WELL, I THINK YOU'RE ALRIGHT.
GOOD LUCK

Ray Pagalio

Dear Don,
From one Don to another, here's wishing loads of luck to you.
Don Massi

# . . . THE WONDER OF SUCCEEDING AGES





SCHOOL AND LIBRARY
ROAD TO LIFE
THEATER
RIVER OF SWEETNESS
MARKET PLACE

Best of luck to a swell fellow & fairly prominent musicianist
See you at N.B.C. — assistant Love Jon Tilton

Dear Don
Best wishs to a really
swell guy. I hope that someday
we can get up a class reunion where
everyone will come Don Tolles

# The Board of Education

Mr. Edward W. Chodl

Mr. Joseph F. Mrizek

Mr. George Prosch

Mr. Otto Pecha, Jr.

Mr. Charles Matt

The group that is the contact between our school and the community is the Board of Education of District 201. These five men, in cooperation with the superintendent and his assistants, help direct and carry out the activities and the educational opportunities of the school. The excellent services rendered by these men are sincerely appreciated by the student body.

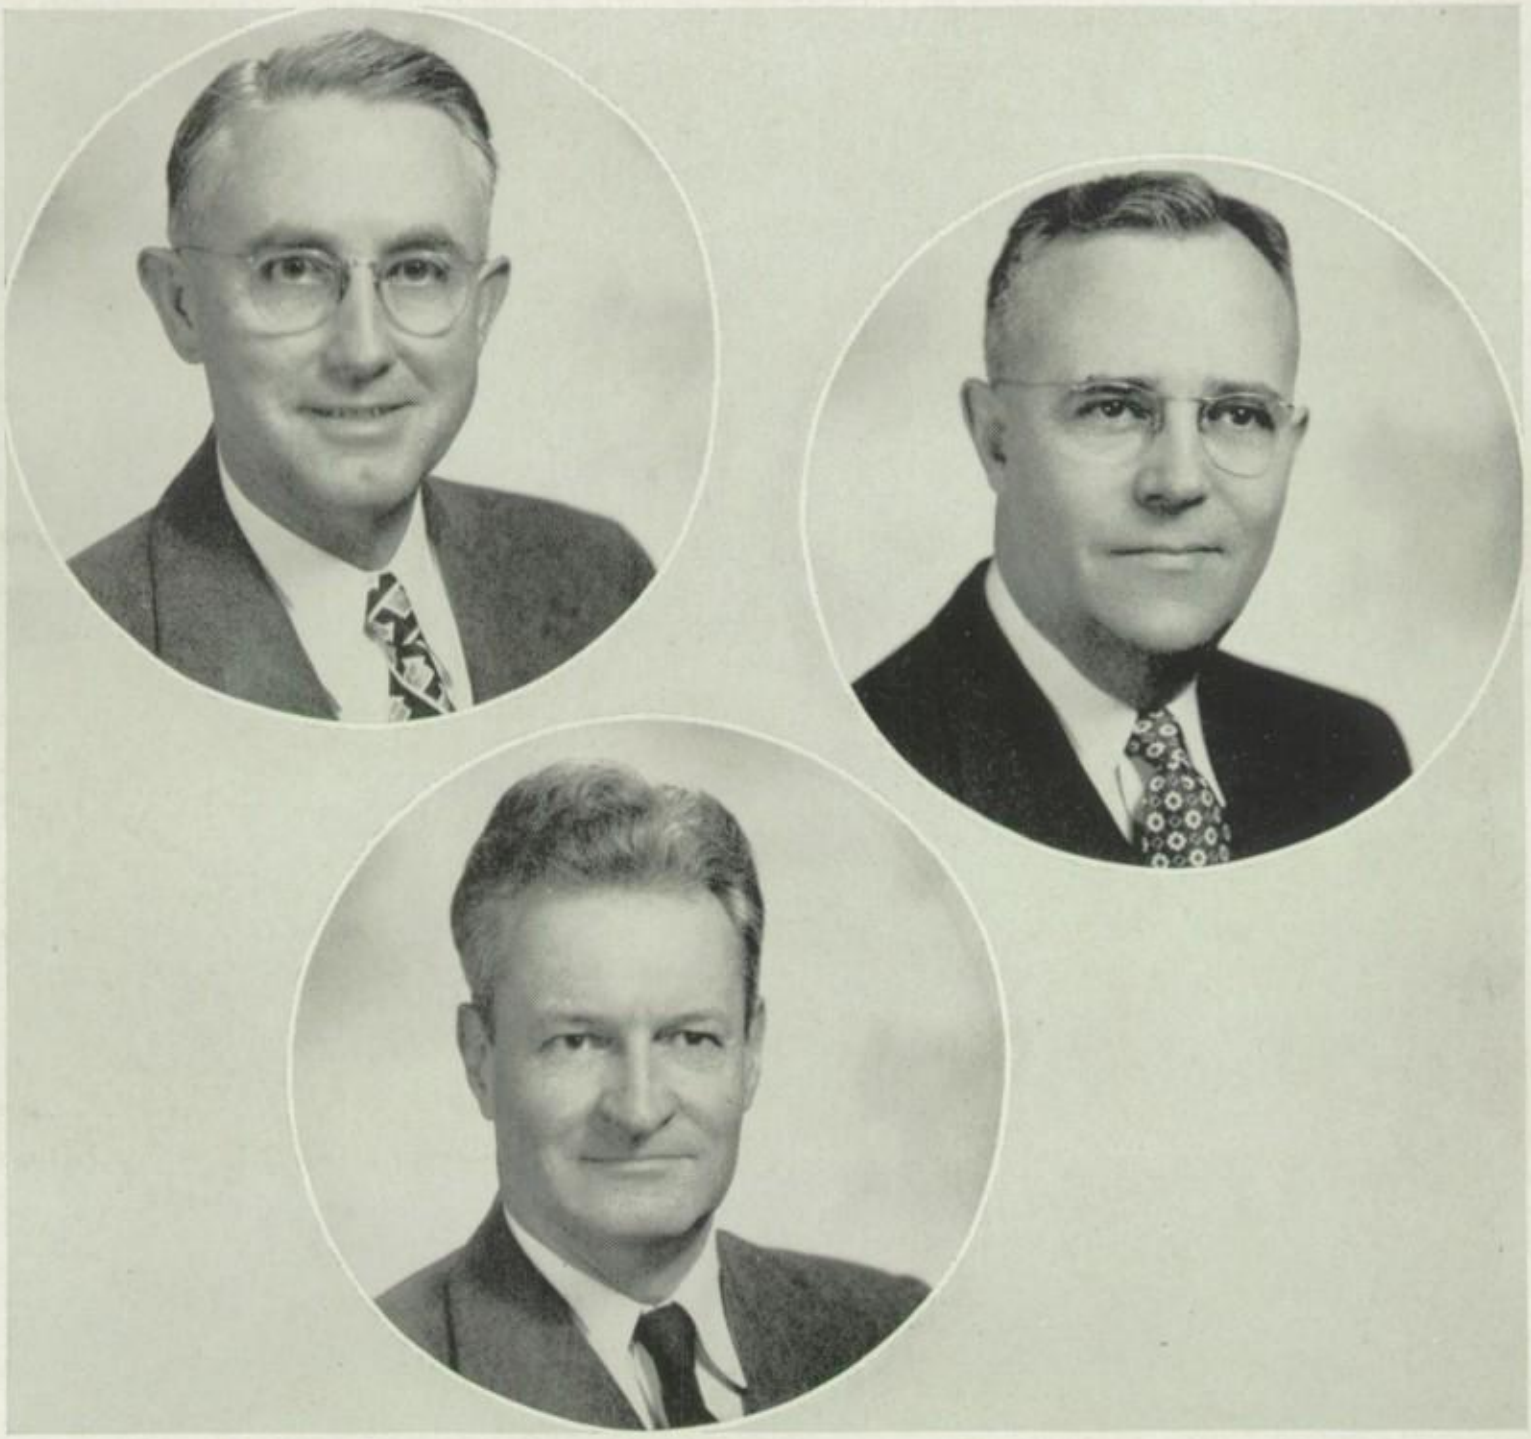
# Superintendent

MR. W. P. MacLEAN

For the past ten years Mr. W. P. MacLean has admirably fulfilled his position as superintendent here at Morton. He has always taken an active part in student activities, and has always been eager to help the students in every way possible. His conscientious work has aided in maintaining the schools high standard, and his friendliness and willingness to co-operate and give advice has made Mr. MacLean a good friend of the student body.

The Superintendent's Aids, elected by the student body, have again proved capable in their job of keeping the administration informed of the many needs and problems of the students. This group was organized in an endeavor to obtain greater student participation in school affairs.

# Administration Aids



MR. ALLEN R. MOORE

MR. E. BLAIR

MR. E. W. GREEN

**ASSISTANT SUPERINTENDENT:** Mr. Moore is in charge of curriculum, instruction, and guidance of the school personnel. In addition to these things Mr. Moore, who is also sponsor of the Hall and Dining Room Committee of the M.S.G.A., has assisted in the planning of the new arrangement that is now in operation in the cafeteria.

**BUSINESS MANAGER:** This year the position of business manager is admirably filled by Mr. E. Blair who is a newcomer at Morton. Among some of the duties of Mr. Blair is the handling of finances and the buying of equipment necessary for the high school and college departments. The cafeteria, book store, and building and grounds are some of the things that are also under his supervision.

**DIRECTOR OF PUBLIC RELATIONS:** "Pop" Green, well-known director of Public Relations and school publicity, can also take credit for being chairman of the assembly and auditorium committees, director of Morton's radio program, and chief counsellor for the senior boys. With all these duties, "Pop" still has time to spend a few more minutes with anyone who needs his help.

# Department Heads

**Row 1—**

J. V. Deal, Business Education; A. Dolezal, Orthopedic; E. Uehren, Home Economics; C. O. Paulson, Library.

# Office Staff

On the third floor there are two offices which are known to all students: the main office and the cashier's office. Some of the duties of the office staff are keeping records and doing secretarial work. Fee tickets for biology, chemistry, foods, etc. can be purchased at the cashier's office, and through this assistance, many such things are accomplished.

# Maintenance

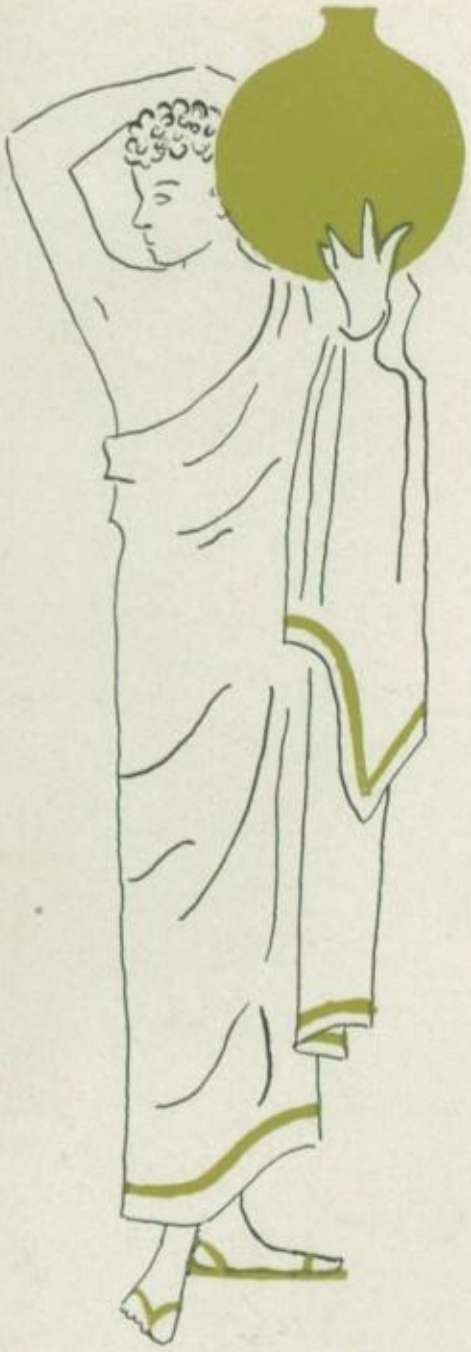
Broken desks, burned out lights, and more heat are just a few of the tasks taken care of by the maintenance department. Many of us, taking this department for granted and not realizing its importance, would certainly be surprised if these services were not provided for us. This staff is under the capable direction of Mr. Ben Smith.

# Medical Department

To every student in Morton, Room 380 is a familiar place. Besides giving medical examinations, the staff takes care of such everyday happenings as bruises, cuts, and burns. Yet to most students, our nurses and doctors are known more for the aspirins and excuses for gym, swimming, etc., that they give out.

# Cafeteria

The place where each day one can find the largest percentage of Morton's population is none other than the cafeteria. With a fine staff, one is assured of good meals and prompt service each day. Under the supervision of Mr. Kelly, this staff also prepares the meals for the many banquets given here at Morton.



Dear Don,
Morton really must be too big because I didn't see you too much. But I never will forget our grammar school days together. To a swell fellow I want to wish the best of everything—always. Good Luck and Best Wishes!

Love,
Lois Van Dahm

# ACTIVITIES

Dear Don.
Good luck to a swell guy and a lousy bowler. It was fun having you in classes especially V-DBT and I hope I get you in M.V.C.

TLOE

Character is simply habit long continued.

*Plutarch*

Seize what is highest, and you will possess what is in between.

*Proverb*

But virtue proceeds through toil.

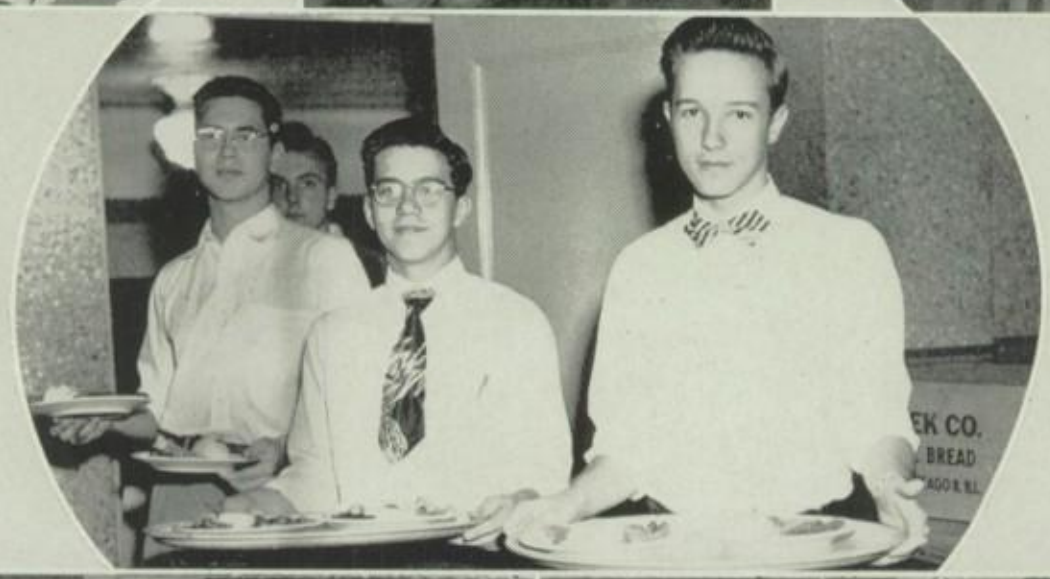
*Euripides*

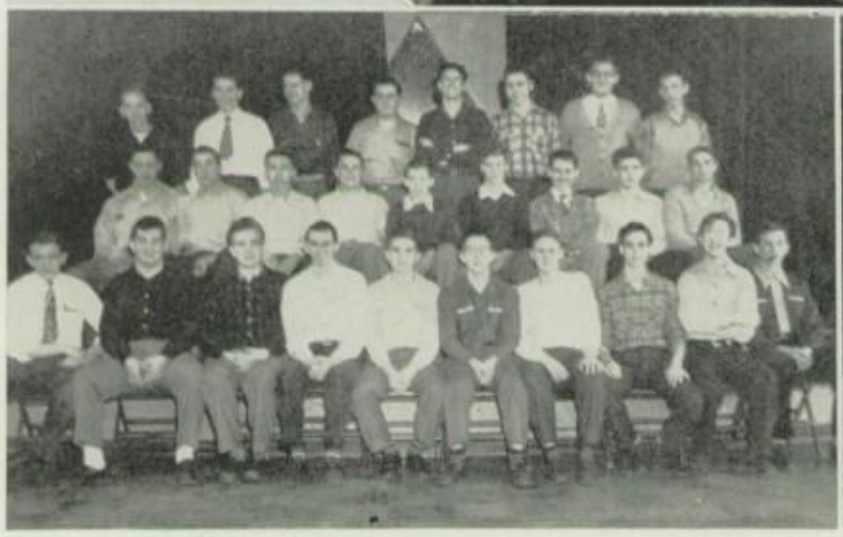
Dear Don
Good Luck to a swell guy
Be seeing you around home. Have a good summer

V-DBT the hour
Connie Bergquist
"Buzz"

TRACK
TRACK

# What They Will, They Do





**MORTON SENIOR COUNCIL** . . . A plea for service! Take it to the Morton Senior Council! They'll help. This hard-working service club is made up of junior and senior boys who number no more than 60. These boys, always handy and willing where work is required, promote the annual Father and Son Banquet, usher at all assemblies, Baccalaureate, Graduation, open house, community chest show, and the senior play. Besides all these activities, the industrious lads find time to serve at all banquets (without spilling the gravy, of course.) They try hard to create a friendly feeling among the masculine population of Morton and to promote school welfare. The boys also try to create, maintain, and extend high standards of Christian character throughout the school and community.

Mr. H. L. Meeker directs the club.

# They Seek Pleasure Quietly

**CHESS AND CHECKERS** . . . Did you ever become so interested while watching a chess or checker game that you couldn't take your eyes from the board? Then you should be in this club. Its principal aims are to afford a leisure time activity in school, to prepare students to enjoy chess and checkers as a hobby, and to provide a means of competition — both intra-mural and interscholastic. All students are eligible to enjoy the activities which include tournaments in school, inter-school meets planned for spring, and lessons in both chess and checkers. Mr. C. L. Prazek keeps a watchful eye over the group.

**STAMP CLUB** . . . Whether you have a rare collection, a boxful of odds and ends, or are just interested in starting a collection, you're eligible for this club. Its weekly meetings are devoted to selling, buying, trading, or just plain talking about stamps. Mr. I. C. Ullrey advises the club whose aim is to promote an interest in stamps and stamp collecting.

# Supporting the Students and the Team

**BOOSTER CLUB . . .** Service, selling, sponsoring, and more service. If your sweet tooth is satisfied by the candy that is sold at the games, you can thank the busy members of this club. Other things besides candy are also sold. These include flowers, pins, beanies, and what have you. Many school functions are sponsored by these "Booster Bees". An example of their sponsorship is the Sport Banquet. Very general assistance is given to any other club or plan that needs it. Just mention that a worthy project is seeking help, and you will find a helping hand extended to you. The cooperative advisor is Mr. Kohout.

# There are Other Languages Besides Bohemian

**FRENCH CLUB . . .** "Vive La Langue Francise!" "Hi Frenchie!" The culture, as well as the French language, is studied and promoted by this club. It sponsors trips around the Chicago area to various places of interest dealing with France and studies French operas and the works of French artists. The club also engages in activities in France by their sponsoring of a small primary school and the sending of packages to the needy of France. If you are a French student, you are eligible to join this club which is advised by Miss M. J. Blair.

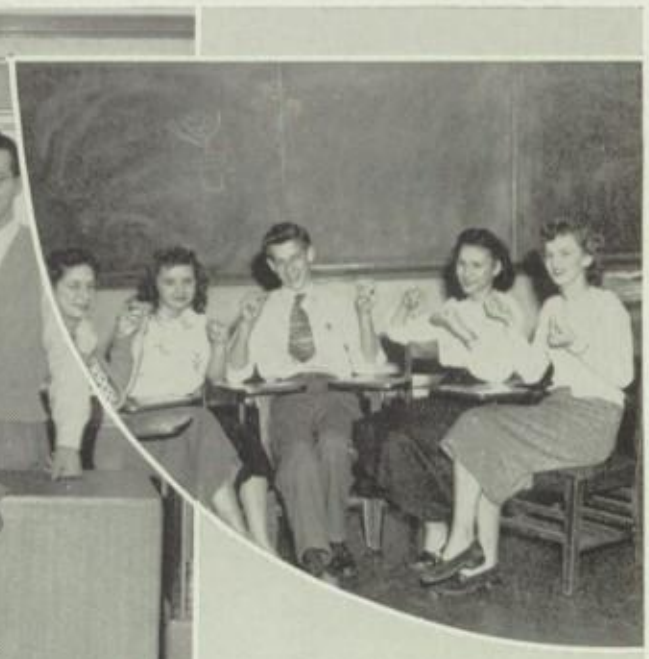
**SPANISH CLUB . . .** —Cómo está Ud.?— —Muy bién, gracias.— Attention all senors and senoritas! This club is open to any student who is interested in Spanish ideas. They need not speak Spanish or be attending a Spanish class. The club enrolls those who want to become familiar with the customs and culture of Spain and who wish to get acquainted with other Spanish-minded students. If you are slightly South of the border, get in touch with Miss C. P. Apeland, the advisor of the group.

# The Hickory Stick is not Needed

**MORTON WRITERS' CLUB** . . . Like to put what you're thinking into picturesque words on paper? Then the Morton Writers' Club will welcome you to its group. The purpose of this club is to offer an audience of sympathetic listeners for the student writer and to encourage the development of a critical mind. Miss M. A. Diez advises.

**READING CLUB** . . . "Far Away Places With Strange Sounding Names" Visit them all through books. The purpose of this club is to share the enjoyment of reading with others and to broaden acquaintances with books and their authors—old and new. Miss A. Svrchek advises the club which is open to anyone who enjoys reading.

# Performing in Life or on The Stage



**MORTON WORKERS CLUB** . . . Hi ho, hi ho, after school to work we go! If that is your theme song, you are eligible to become a member of this club. It is composed of students who have part-time jobs after school or who work during the summer. Working problems are discussed at the meetings, and job situations are analyzed. The activities out-side of the meetings are planned to encourage social activities for working students and give them some much needed recreation. The guiding hand of this organization is Mr. W. F. Doak.

**MORTON TALENT** . . . Being organized in February of 1948, this is one of the newest of Mortons' clubs. It unites people with common interests such as dancing, singing, baton-twirling, magic, etc. The members have the opportunity to display their talent in school assemblies, P.T.O. affairs, and dances and clubs out-side of school. They also perform for the servicemen at Great Lakes Naval Station and the patients at Hines and Vaughn Hospitals. After completing one year's service in the club each member is awarded an "M". The advisor of the organization is Mr. A. P. Kovanik.

# Oh! My Aching Back!

Good luck To
a good career.
If ever you
want to go
riding during
the summer
call me up.
Duke
Sullivan

**SADDLE CLUB . . .** "Are you saddle sore?" "Where's a step ladder?" "I wish I had a cushion!" There is nothing quite like a fast gallop over a smooth trail. To a person who has never ridden a horse, it might seem strange that with bicycles, automobiles, etc., people are still riding horses; but once they try riding, they will be sold. This club promotes the riding bug among the students and offers aid to those who wish to become proficient in the art. Rides are held every Friday at Parkway stables. The advisor is Mr. L. C. E. Prucha.

**BIT AND BRIDLE . . .** "Some dirty dog put glue on my saddle!" "Nice horsie!" "I say, ole top, where are the 'English' saddles?" This "galloping group" rides on Saturday mornings at Greentree Stables, where the members are instructed to ride and use English riding equipment properly. In addition to regular rides, there are hayrides, barn dances, and club get-togethers. Some of the more advanced boys are taking special instructions in the game of polo. These "happy horsemen" are advised by Miss E. G. Endriz.

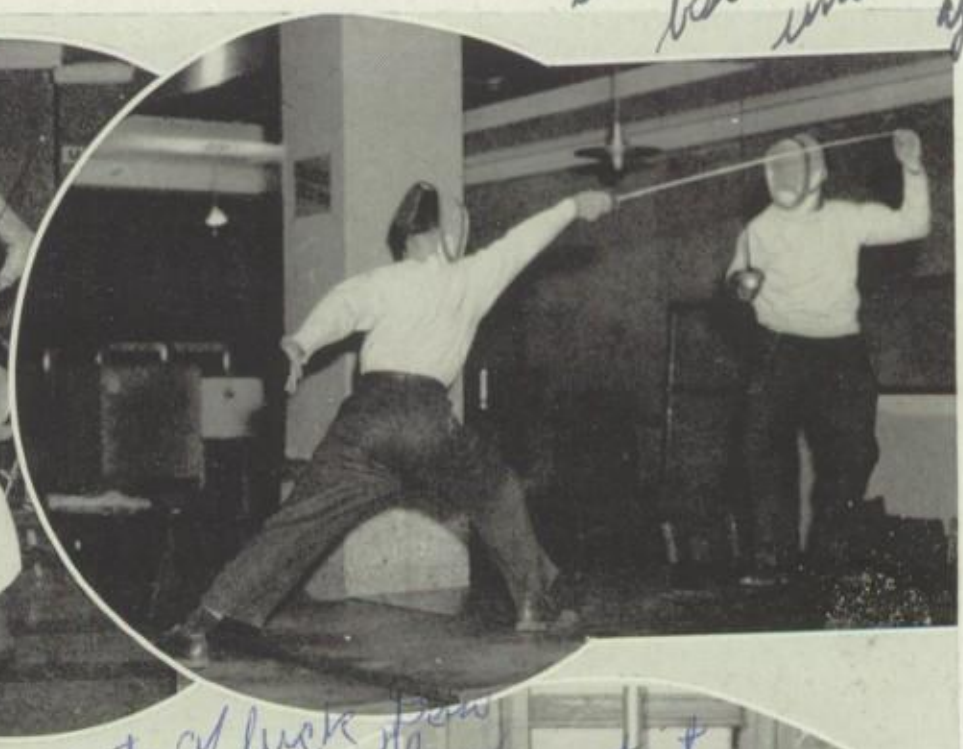
# The Tongue is Sharper Than the Sword

**FENCING CLUB** . . . "I've been stabbed!" That is the cry you may hear if you are in the neighborhood of Room 204, eighth hour. Last year the Fencing Club was just another club, but this year it has become a recognized sport with full P. E. credit given. It is now for boys only and meets everyday. Fencing helps these boys to develop the body in coordination with the mind. Fencing is a good all around body builder, and it gives as much development as is afforded by the regular gym class. Many boys have seen the benefits of this sport, and the class is now becoming popular and crowded. The instructor is Mr. P. R. Pavlinek.

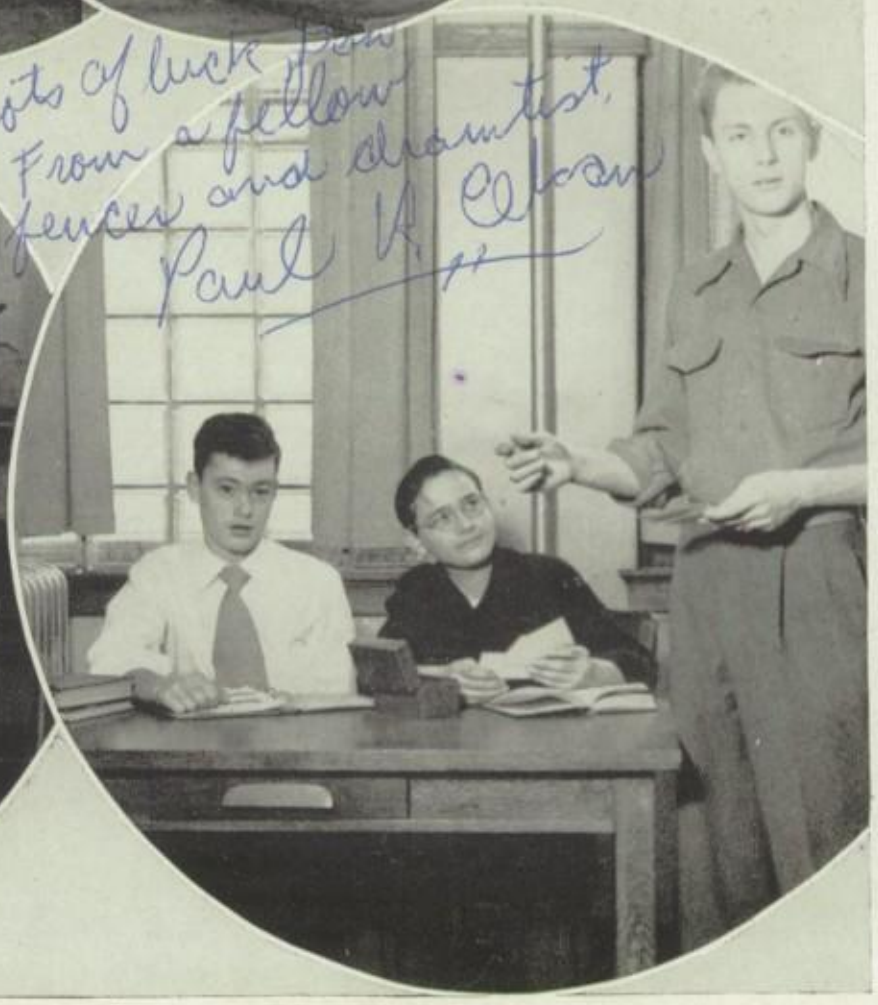
**DEBATE CLUB** . . . "Let me point out!" "Statistics show——." "Now, now, debate; don't argue!" If you are one of those "sharpies" who knows all the answers and even some of the questions and likes to discuss and give a clear exegesis, the Debate Club is just what you need. With your love for controversy and a good scholastic record you may become a member. You will be aided in your development of logical thinking and clear speaking. The debate team has verbal battles with other schools as well as discussions among themselves. The advisor is Mr. W. J. Cherry.

Dear Don,
We've known each other our luck for long time — anyhow for two years. We've always had lots of fun together and I'll probably have some more with you during the summer. To a swell guy and one of my best buddies I say until tomorrow
Your pal,
Gene
(1-13-4)

Good luck (to a swell guy
Mike Newton



Lots of luck Don
From a fellow
fencer and dramatist,
Paul A. Olson



# Flow of Electrons or Water?

**ELECTRONICS CLUB** . . . The purpose of this club is to increase and spread knowledge concerning the theory and practice of electronics. The club engages in many electrical projects. The necessary equipment is available for the use of the student who wishes to work with electrical gadgets or take part in a constructive experiment. The gadgeteer is given the equipment, and then everyone stands back to watch the sparks fly. If you are interested in that type of "stuff," are attending Morton, and don't mind getting about 200 volts now and then, you will like this club. The advisor is Mr. G. H. Lyle.

**RANGER BOAT CLUB** . . . "Sailing, sailing!" Those Morton students who like boats and boat building will be interested in the Ranger Boat Club. Members are able to get practical knowledge in the construction of boats, and many of them have made very sea-worthy crafts—real ship-shape. Models of ships are also built by the members. These little brothers of the real thing are very detailed and exacting in construction. In the summer months the club has outings, and the boats that have been built during the school year are put to use. The advisor is Mr. W. J. Silhan.

# Travel on Hard Ground or on Wings of Air

**TRAVEL CLUB** . . . Do you have a little Gypsy blood in your veins? This club satisfies those who wish to travel and see new places and people. They sponsor many trips during the school year to numerous places, but their most important trip is to Colorado. The members plan for this trip all through the year, but it is well worth the waiting. The travelling encountered has a great effect upon the participants and gives them an education not found in books. The advisor is Mr. L. C. E. Prucha.

**RADIO GUILD** . . . The field of radio holds an interest for many students, and this organization is for their benefit. The members learn about the workings of a radio station, script writing, etc. The main aid derived from the club, however, is the actual radio experience it offers through the median of station WHFC. Members actually have the opportunity of getting "on the air!" That is an experience they do not soon forget. The programs that are prepared are of the highest quality. The guiding hand in this organization is "Pop" Green.

Best of luck to a good !!! bowler and a swell fellow. Hope to see you around in the next years. Best Wishes Bill Vendl

# Get the Ball Rolling: Cheering and Bowling

Best NO color to a swell fellow and a great Bowler. Lots of Luck Frank Fiala

**BOWLING CLUB** . . . "Oh, well! a spare is better than nothing!" "It slipped, honest!" These remarks are often heard on a Saturday morning when this club assembles at the "alley". Any student with an interest in bowling will find enjoyment associating with the other interested "strikers". Valuable help is given in perfecting a good form and procuring a high score. The club consists of both boys and girls. The coaching and advising is done by Mr. P. R. Pavlinek.

**CHEERLEADING CLUB** . . . What's hep? Pep! Not only do the members of this club have to complete a six weeks' training course, but must be gifted with a pleasing personality, be vibrant and good natured, have poise and confidence, good sportsmanship, good posture, good personal appearance, a good jump, imagination, organizing ability, and a commanding voice. (Quite a list!!!) Those sound like stiff eligibility rules, but remember that the spirit of these people is reflected in the rooters. The purpose of the club is to promote better sportsmanship between opposing schools during games and to lead the boys and girls in organized cheers. Miss S. J. Scribano advises.

# Clear . . . Cool . . . Water

**SWIM CLUB** . . . As you see the members of the Morton Synchronized Swim Club glide smoothly through the water performing arduously worked over strokes, it's difficult to realize the time spent perfecting the seemingly simple actions. An entrance examination is required which includes the performance in good form of the side stroke, breast stroke, back crawl, front crawl, dive, underwater swimming, surface dive, dolphin, and skulling; so you see it really is no simple matter to gain admittance to this club. The club brings together boys and girls talented in the art of swimming to promote further interest in aquatics and also perfects swimming strokes and stunts in water ballet. Miss R. E. Berman directs.

**ANGLERS** . . . "No fooling! It was that————long!" Better fishing technique by artificial plugs and flies is taught during the meeting of this club. The boys hold a number of casting tournaments in the Girls' gym, and the proud winners receive lines as prizes. Last summer the fellas and three teachers spent part of their vacation at a lake in Wisconsin where the group caught hundreds of pounds of fish. Mr. E. W. Brakken advises the active group.

# Strings and Pencils Expertly Guided

**CARTOON CLUB** . . . Like to make people laugh with your own little brain children of the funny-paper world? Do others smile when they see the cute little characters your pencil has just fashioned? Then hurry and sign your name to the membership list of the Cartoon Club. It's open to all those who are interested in cartooning, whether enrolled in an art class or not.

Miss C. Stevenson advises the club whose purpose is to provide an opportunity for study in this branch of commercial art.

**MARIONETTE CLUB** . . . If you're interested in puppet making and dramatics, the Marionette Club is just what you're looking for. Here's a chance for you to demonstrate your talents in acting, creating, and working your speedy fingers.

Members of the club personally arrange and create all their own productions. If you have a sincere interest in the work of the club, you're eligible to enter into its activities. The members make their scenery and marionettes during club meetings or at home, under the able guidance of Miss L. Tarachas.

# Little Ones Leading and Planning to Lead

**JR. COUNCIL . . .** This busy group of freshmen and sophomore boys helps the Senior Council ushering at P.M. assemblies, planning the Father-Son Banquet, and serving at other banquets. They try to live up to the standards of the National Hi-Y Organization to which the council is affiliated. The council has its own Home Room advised by Mr. G. M. Larimer.

**FUTURE TEACHERS . . .** Only upper classmen may belong to this club which is a chapter of the national organization of the Future Teachers of America. If you think or know you would like to enter the teaching profession, this club can be of service to you. The club's largest project was the survey poll made to discover which personality traits the students preferred in a teacher. Miss Wahl is the advisor.

Dear Don,
It was certainly nice knowing you through grammar and High School. May all your dreams come true.
By the way, I felt a lot safer with you driving the Buick for the picnic. It's a good thing you were along.
Hope to see you around.
Sincerely,

# They Work to Make Others Happy

**JR.-SR. GIRLS' CLUB . . .** "Have you seen those girls busily collecting tickets? A few weeks ago they served food at a banquet and several months ago campaigned for used clothes." Where in these crowded halls of Morton can you find harder workers? (and pretty too!)

The peppy members of the Jr.-Sr. Girls' Club always seem to have a little energy stored away to use in an emergency. The club sponsors the annual Mother-Daughter Banquet and is proud to support a young Finnish Boy. This needy child receives gifts of food and clothing throughout the entire year. Together with the Morton Senior Council, the club sponsors the Used Clothes Drive and 4C's Campaign. If you're helpful and feel like working, you're eligible for this club which is ably advised by Miss E. M. Prutsman.

# Mikula's Morton Movie Men

**MOVIE OPERATORS** . . . The importance of visual education in the modern educational system is becoming greater. All of the students look forward to seeing a projector awaiting their arrival at a class, and the amount of movies that are shown each term by these industrious boys is growing steadily. These boys, who spend their free periods showing movies for the benefit of the students, should certainly be commended; and this policy of service should be a challenge to other boys who have an interest in movies and their projection. Mr. B. Mikula is the advisor.

**MOVIE MAKERS** . . . The exacting art of taking successful movies is practiced by this group. They learn the features and workings of the 35mm camera. During the course of the term they learn to make film strips and film slides. Their most ambitious project of the year comes when they take movies of some of the sport activities like football or basketball. The experience derived from this organization will be extremely helpful to the student if he wishes to become a professional movie maker or merely take movies for his own pleasure. Mr. B. Mikula gives direction and supervises this organization.

# Helping all Nations Including the "Home Land"

**CZECH CLUB** . . . Lots of us make fun of this beloved old language, but the members of this club take it quite seriously. Meetings are spent giving oral reports on quaint traditions and mannerisms and viewing motion pictures. Concerts, plays and the Art Institute were attended by the group this year. They added their colorful touch to Open Houses as well as an assembly. An important activity of the club is Folk Dancing. The twirling figures do their practicing, directed by Miss E. Jahelka and assisted at the piano by Mrs. West, in the Foyer.

**JR. RED CROSS** . . . This useful organization is composed of enthusiastic workers who take charge of the annual Red Cross Drive here at Morton. They fill boxes sent overseas to needy people and put on other money raising functions during the year. Our Jr. Red Cross engages in all activities of the National Red Cross on a smaller scale. Mrs. Smenos guides these industrious people.

# Serving Man, and the Greatest Service Given

**SOCIAL STUDIES . . .** Those students who have an average of 85 or better and don't get enough social science in their regular classes may also be exposed to it by means of this club. Programs and tours are planned, which give social experience and just plain fun. Not only is leadership taught, but the importance of following is also stressed. In addition to all this, the Social Science Department is aided greatly by the members. The advisor is Miss E. O. Carlson.

**HI CRUSADERS . . .** High school students do have a religious and spiritual side. Many of them wish to learn more about religion and the Bible. By group study, interpretation, and discussion each member can derive a great deal. This interest of the students in the Bible is highly commendable. High school students in the midst of a materialistic world still have spiritual convictions and conceptions. The Bible is still the world's best seller. The advisor is Miss N. M. Hadraba.

# They Have Their Hands in Your Pocket

**MORTON BANK** . . . A great service is offered to Morton's students by this organization. They take your money but give it back when you want it. It offers the students a safe place to keep their Christmas shopping money or college fund. It keeps the boys' money out of the grasp of a female. The operation of a bank takes a great deal of record keeping and figuring. The students who perform this service are helping not only the school but themselves as well; since it gives them practical experience in banking and bookkeeping. A minor credit is earned for one year's service. Mr. A. J. Frattinger is the advisor.

**STUDENT TICKET OFFICE** . . . The job of selling the majority of the tickets used during the year is capably handled by this group. Tickets to sporting activities, dances, banquets, etc., are handled by this office. It is also the place where the Annual tickets are sold. The huge task of taking care of the money and keeping the records in balance is and has been one of the best of the services rendered to Morton. Mr. G. B. Reeve is the manager.

# They Make Good Use of Their Feet

**SWING AND SWAY . . .** If you like to trip the light fantastic, (dance that is) this club is just for you. The practicing and exhibiting of new steps, as well as the perfecting of the old ones, is carried on by the members. The music is supplied by the old faithful juke box. Those who like to dance meet people with the same interest. As Mr. Kayser would say, "Come on children, let's dance!" The advisor is Mr. B. M. Smith.

**SKATING CLUB . . .** This very popular club is open to all students, but it is limited to 150 members. Helpful suggestions are given on the art of skating. Annual parties are held, and these help members to become acquainted quickly. Skating is a very popular sport, as the membership bears out, and this club makes it even more fun. Mr. A. P. Kovanic is the advisor.

# We Make the Home, You Make the Money

**HOME ECONOMICS CLUB . . .** "Oh, I dropped a stitch!" "My cake fell yesterday!" "Those popcorn balls sure were delicious!" You might hear any one of these excited comments at one of the weekly meetings of this club. The object set before the members is to stimulate interest, sociability, and service among girls in the Home Economics field. If you are a sophomore, junior, or senior having had three semesters or are now in the third semester of Home Economics work, the club will welcome you to its groups which is guided by Miss D. A. Timm.

**FUTURE CRAFTSMEN . . .** Here's a place to show off your skills! Made up entirely of shop boys who have a particular skill or inquiring interest in some craft or trade, this club stresses the idea of striving for high ideals of quality in workmanship, pride in craftsmenship, and respect of work well done. The Future Craftsmen are the ideals of the boys in the industrial art's classes and the pride of the vocational department. These enthusiastic workers are under the guidance of Mr. P. R. Rohe.

# Future Burbank, Audubon, Or?

**GARDEN CLUB . . .** Does the sight of a worm make you jump two feet and dash for the nearest sidewalk? No? Do you get a special kind of joy from dropping a seemingly dried-up seed in the ground and then watching it grow into an intricately beautiful little plant? You do? Then you'd be interested in the Garden Club. Its busy members study the plants suited to the Chicago area and landscape Morton's plot next to the field. They work with Mother Nature to create beauty and furnish a haven for birds in season.

The Garden Club is under the guidance of Miss E. E. Barkley.

**BIOLOGY CLUB . . .** Any freshman, sophomore, junior, or senior, interested in biology, is eligible for this club. The knowledge and information obtained in biology classes is put into actual practice. These potential biologists make projects for the Junior Academy of Science, a state-wide organization of science clubs; and then keep their fingers crossed for a third, second, or long dreamed of first place rating.

Miss M. Parizek ably directs this club.

# Exacting Arts: Compounds, Elements, Shutters

**CHEMISTRY CLUB . . .** Whew! Does that smell! Now if we mix this and this and a little of that—Boom!!! Students who wish to supplement their regular chemistry classes in the learning of chemistry will find a haven in this club. Every other week a demonstration is given which depicts some phase of chemistry. During the course of the year the club takes many trips to various chemical laboratories in the area and learns chemistry first hand. Mr. W. L. Muehl is the advisor.

**PHYSICS CLUB . . .** The students who wish to do extracurricular work in science find company, encouragement, and guidance in this club. To become a member a student must have had General Science and be assigned to a physics class. Much of the time is spent getting ready for the spring meeting of the Junior Academy of Science and the exhibitions which the club contributes. Mr. L. W. Johnson is the advisor.

**CAMERA CLUB . . .** Smile! Look up! Look pretty! These boys really keep the photography stores in business. Lectures are given on the right methods of taking pictures and the proper selection of subject matter to be pictured. The members bring their photos to the club where they are evaluated and criticized. Real help is given to those who have an interest in photography. The advisor is Mr. W. B. Hughes.

# Hunting for the Truth, and Just Hunting

**MORTON SENATE** . . . "The court will now come to order. Will the defense proceed!" Parliamentary procedure is one of the basic and most important aspects derived from this group. A member is given valuable instruction and practice in impromptu and extemporaneous speaking. This knowledge will aid the member in handling himself in speaking, whether it be in a court room or among his friends. The main event of the year takes place when the Great Pumpkin Case is presented at the Social Studies Department open house. The advisor is Mr. E. L. Kimball.

**HUNTERS CLUB** . . . "A hunting we will go!" "Careful! Don't shoot the dogs!" These Morton outdoor men have banded together to form the newest of Morton's clubs. The principles, rules, and facts of hunting are taught. The members learn the safe way to hunt and handle a gun as well as the basic hunting laws and regulations. Different types of game and hunting are explained. The use of dogs is also taught. The main things being stressed are hunting within the law, hunting in season, and taking only the limit of game. The advisor is Mr. E. W. Brakken.

# Service and Glamour Too!

**FROSH-SOPH GIRLS** . . . "There's work to be done?" Then take it to the Frosh-Soph Girls' Club which is strictly for freshman and sophomore girls of Morton. They energetically put forth their main efforts on welfare work for the school. Not only do they help decorate class rooms during the Christmas season and make those cute Christmas seal tickets for an assembly, but spend much time constructing little toys for hospital shut-ins. On top of all this, the girls plan a party for incoming freshman girls. Miss P. G. Reeve directs those busy workers.

**ALMEGA CLUB** . . . Green for freshmen, yellow for sophomores, blue for juniors and red for seniors! "What are they?" you ask. Why, the colorful cellophane ribbons made by the Almega Club for ribbon week. Any Morton girl may add her name to the club's long list of busy workers whose main purpose is service to all. The club's meetings are spent making clothing, dolls, and various other articles which are sent to needy recipients in or around the community. The advisor is Miss L. G. Mikes.

# "D" is for Drama

One of the more active organizations at Morton is the Morton Dramatic Association. This group of people, under the direction of Mr. Teeter, plays an important part in the entertainment at assemblies and also at some of the evening programs at school.

The Morton Dramatic Association is composed of four clubs: the freshman drama club, the sophomore drama club, junior drama club, and the senior drama club. Anyone can join the club and profit by being a member, for not only do you learn how to speak in front of a group, but you learn to associate and mingle with others by working together and helping each other.

Practicing takes place in the "Little Theater" on the stage, and with Mr. Teeter's experience, you too, can become another famous actor or actress.

Dear Dan,

I'll take this opportunity to tell you I think you're an awfully wonderful fella and I wish our friendship had been stronger and longer (I'm a poet).

I'll always remember that rainy night after the Christmas play and the Divine Flora — "you could eat it with a spoon!!"

I want to wish you loads success and happiness in your future. May all your goals be reached and your dreams fulfilled.

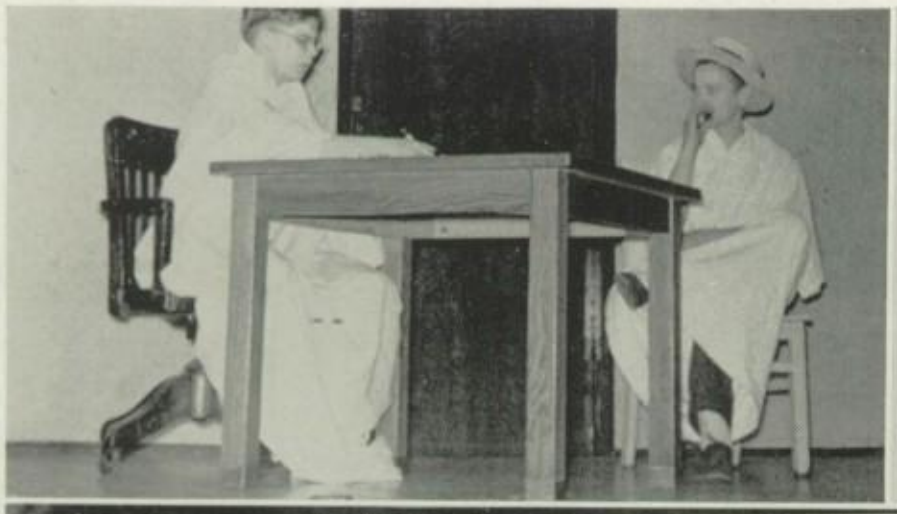
Stay as perfect as you are and you're bound to succeed.

Love always,

Pat Flora

P.S. — Have a good summer. I'll send you a postcard from Iowa.

Me Again



Dear Don,
It was just loads of fun working with you on the Senior Play. Through it I got to know you lots better ☺ But really, I've enjoyed your friendship & hope it will continue. Lots of success in the future to a swell boy.
Always,
Bev Tubbs

# Curtain Time!

Would you like to get on a stage and show everyone how you think a role should be played? Is your fear of an audience standing between you and a brilliant stage career? Here is the solution to your problems. Join one of the drama clubs at Morton and develop your talent.

Joining the club, meeting the other members, getting your first role, a part in the Christmas play, and maybe a piece in the senior play: this is only a small part of the activities which will be yours.

Of course, this means a lot of work; but there will be good times and fun with the rest of the "gang" too.

# Costumes + Scripts + Work = Christmas Plays

"Where's Mr. Teeter?"

"Did you see Joan? She has my lipstick and powder, and I'm going on stage in a few minutes!"

Yes, that was how it sounded before the curtain went up on the night of the Christmas plays. "Light Competition" and "Uncle Jimmie's Christmas were the two plays successfully given this year.

The cast of the two plays could be found in various places doing various things: crowding around the only mirror, moving scenery to and fro, getting into costumes in the dressing rooms, and some were in distant corners taking last glances at their parts before their signal to go on stage.

The seniors now are anticipating the all-important senior play which will call for the same untiring effort on which the success of any play depends.

# It's This Annual

You probably have, at one time or another, passed the little room at the far end of the school where the all-important "Mortonian Annual" is planned each year. No, very likely you didn't notice the swinging doors, unless of course, you followed the strong, offensive smell of glue right up to them.

If you had gone in, you would find the girls and boys busy pushing glue brushes, mounting pictures, checking names, etc., with Mr. Fox attentively watching over the proceedings and occasionally putting an idle staff member to work.

"Deadline" is a word that is dreaded by everyone on the staff, for this means extra work and worry for the staff members. A deadline always seems to be accompanied by pictures that don't turn out, lost negatives, or a breakdown of the cameras and retakes as a result of the breakdown.

The work of the Annual Staff is somewhat sweetened by the occasional parties, bowling, and the traditional Weekly vs. Annual basketball games.

Dear Dox!

I can honestly say it's been fun knowing you. We've been friends since our Freshman year (Snake Dance) and have had a lot of fun and good times together—especially the Sr. Play. I hope to see you over the summer and in the fall too. As ever,

Dotsee

# Typewriters + Paper + Erasures = News

"Work, work, and more work" could well be the motto of the Mortonian Weekly staff.

In the "J" office there is a constant scurrying in and out, for this is the place where the "Mortonian Weekly" is pieced together each week under the patient supervision of Miss G. Gaarder.

Smoking typewriters are a sign that deadlines are drawing uncomfortably near; and if you see something moving under a heap of crumpled paper wads, you need not be alarmed, for it's probably just another staff member trying to finish his copy in a "quiet" place.

Yes, the Weekly Staff and Miss Gaarder deserve a round of applause for the work and valuable time which each of them put into the "Mortonian Weekly".

Some mention must be given to the "traditional" Weekly vs. Annual basketball games which take place each year. These games are only a part of the good times had by the staff members.

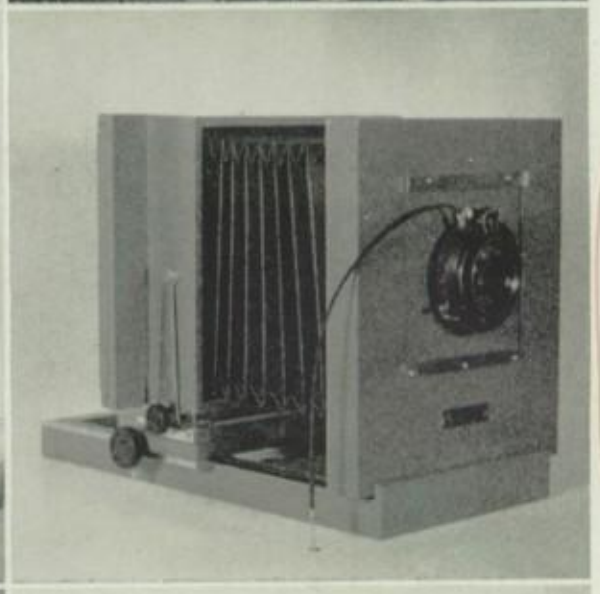
# It's Work All Day . . . In 201-A



The photographers, who work with modern equipment under the patient direction of Mr. C. O. Druschel, take the pictures which appear in the Mortonian Annual.

Somehow the photographers always manage to get shots at all the big events which take place at school.

The photographers must be given credit for the time and hard work they put into their picture taking, and they also deserve credit for the participation in the "Annual Staff vs. Weekly" basketball games.

Don
It was swell
seeing you in
person the fencing. Congratulations
on the fine job you did
on the Dear Johnson
memorial!

# The Morton Student Government Association

Anyone who has ever peeked into Room 256 probably wondered what all those people were doing in such a small room. Room 256, for the information of all who have never entered it, is the headquarters of the Morton Student Government Association. The students so busily engaged within it were probably conducting business concerning one of the MSGA's three branches.

The Board of Directors is the executive branch. It is composed of six seniors, six juniors, four sophomores, and four freshmen, who are all elected by the Assembly in the spring for a term of one year with the exception of the freshmen who are elected in the fall, and the four class presidents. The body elects its own officers and advisors at their first meeting which is held shortly after the Board elections.

The Board of Directors has the power to propose regulations and laws, which are then taken to the Assembly for final approval. Also, all legislative action taken by the Assembly must be passed by the Board before it becomes effective. The Board handles all matter concerning money with the exception of expenditures over fifty dollars. Perhaps the most important work of the Morton Student Government Association is done in its committees. Each Board member is appointed chairman or co-chairman of a committee, and it is his responsibility to see that the work entrusted to him is done efficiently and on time.

The chairman this year has been Joe Hribal, handling one of the biggest jobs in school. Assisting him were James Rezabek, vice-chairman; Barbara Olsen, treasurer; Alice Kral, secretary; and Bryan Carder, assistant-secretary. Due to program difficulties Dale Voss took over as vice-chairman, Lois Printz as secretary, and Jay Stack as assistant-secretary for the second semester. These officers along with the advisors, Mr. Larimer, Mr. Bunnell, and Mr. Kasik, make up the Executive Committee who plan the business and agenda of the Board meetings. Miss Prutzman was a special advisor this year, helping Ray Vladar and Art Michalek plan both the I.A.S.C. and the N.E. D.I.A.S.C. conventions, Morton acting as the host school.

The members of the Board were as follows: Seniors; Joe Hribal, Alice Kral, Barbara Olsen, Don Kosin, Joan Weber, and Elaine Horn; Juniors; Dale Voss, Lois Chandler, James Rezabek, Audrey Swaney, Lois Printz, and Barbara Hempstead; Sophomores; Jay Stack, Bryan Carder, Marilyn Vicik, and Nancy Yoknis; Freshmen; Rosemarie Carder, Bill Hempstead, Frank I. Liska, and Penelope Svec. After the resignation of James Rezabek, Gil Larimer was elected to fill the vacancy. Of course, the presidents of the class cabinets for each semester were also on the Board of Directors.

# Assembly, Court, and Committees Work Hard

The legislative branch of the MSGA in a modified sense is the Assembly. Each G.A. class elects, by majority vote, a representative and an alternate, who are supposed to attend the Assembly meetings and to bring back to their respective G.A. classes all news of importance. Representatives who are interested and concerned with the functions of student government make a lively Assembly, much liked and appreciated by the Board of Directors who try to do what the student body desires. Meetings are held every two weeks in joint session with the Board.

Each Assembly member, regardless of his year in school, has one vote in all motions brought before the Assembly. Each member also has the right to make motions, take part in discussions, and to bring up any ideas or suggestions that he or his class may have. Much time this year was spent in heated discussion over eligibility rules, until finally a committee of Assembly members was formed to draw up rules suitable to both the Assembly and the Board. Other subjects brought up were the conditions in the cafeteria, the probability of having an activity ticket, and many more. The election of five delegates to the convention of the Illinois Association of Student Councils was the highlight of the year for the lucky winners.

The Board elects the Judiciary branch of the MSGA, the Court of Justice. It is composed of three student justices and two faculty justices. The Court then elects its own Chief-Justice. The two prosecuting attorneys, two defense attorneys, secretary, and bailiff are also selected by the Court. Each case of infractions of school rules brought before the Court is tried and a decision handed down by the justices. Sentences may be themes, periods to make up in libraries, apologies made to the persons concerned with the violation, or some other suitable punishment.

There have been several changes of justice during the year. The post of Chief-Justice was held by Don Kosin until he resigned, then by Gordon Matthews until he left Morton, and finally by Leonard Danek. The other justices were Leora Pacl, Steffi Mio, Miss Wahl, and another teacher who succeeded Mr. Koehler after his resignation. The prosecuting attorney position was filled at one time or another by Bob Srch, Ben Bruhn, and Kenneth Sobota. The defense attorneys were Leonard Danek, Thomas Halama, and Clark Montgomery. Lorraine Metzel served as bailiff and Betty Teske as secretary.

The Constitution Committee, Alice Kral, chairman, worked hard this year on a badly needed new constitution. The advisors were P. R. Kasik and G. M. Larimer.

# To Reach Their Objective of Self Government

The Illinois Association of Student Councils held their annual meeting in the Congress Hotel. A committee of Morton students, led by Ray Vladar, convention secretary, planned the convention with Miss Prutzman lending a helping hand.

The Social Committee, Barbara Olsen, chairman, plans both afternoon and night dances during the year, and helps other organizations who sponsor dances. It is a large committee, which you see gathered about the Christmas tree in the cafeteria which they decorate each year, and collected around the tables and chairs which they are pushing out of the cafeteria to make room for dancing. The advisors are Miss Bush, Miss Matousek, and Mr. Wright.

The Election Committee, headed by Audrey Swaney and advised by Mr. Rankin, handles the Board, Cabinet, and Assembly elections as well as helping with the Senior Honor Society elections.

A new committee organized this year is the Building Improvements Committee, ably directed by Bryan Carder. During its first year it has done a great deal, guaranteeing its existence in future years. Better conditions in both boys' and girls' locker rooms, the solution of torn nylons in the cafeteria, available buses after home basketball games, are just a few of its accomplishments. Much of the credit must go to its advisors, Ben Smith and Mr. Blair, who have been very co-operative in carrying out the suggestions of the committee. The S.I.C., the name by which this committee is known to its members, is seen in the last picture holding up a "We Want A Stadium" sign, one of its toughest projects which will be carried on into next year.

The following committees are not pictured. The Orientation Committee, headed by Marilyn Vicik, is a committee which has extended its duties their year. Not only does it provide guides for incoming freshmen and sponsor the Freshmen Assembly, but it also helps transfer students during their first few bewildering days at Morton by supplying a "big sister" or a "big brother" to each transfer student. The advisor is Miss Prutzman. The "M" Book Committee, closely connected to the Orientation Committee, is called to order by Jay Stack and advised by Miss Boley. Its work consists of bringing that helpful little "M" Book up to date each year so that the incoming freshmen will have the newest information available to them in black and white. The Assembly Committee provided several very enjoyable assemblies this year. Its chairman is Joan Weber and its advisor is Mr. Kickert. The responsibility of keeping the files in order goes to Rosemarie Carder, of purchasing necessary equipment to Bill Hempstead. Elaine Horn has charge of the Dean Johnson Memorial and Frank I. Liska of the Safety Committee.

# Publicity, Welfare, Athletic and Boosters are

Dont forget to come back and see us

The Medal Awards Committee, with James Rezabek as chairman and Mr. Larimer as advisor, performs the important task of awarding deserving graduates, who have excelled in some phase of student life here at Morton, at Little Commencement. Not pictured, but closely connected, is the Service Recognition Committee, headed by Penelope Svec. It gives awards to those students, regardless of year in school, who have worked and accomplished a great deal for the MSGA. The awards are given out by Mr. MacLean at an Assembly meeting near the end of each semester. The Club Committee, headed by Lois Chandler, charters all organized clubs, issuing charters and keeping a copy of the club constitution on file. Also the committee assisted in putting on the Club Open House which was held in February. The advisor is Miss MacDonald. The Publicity Committee, Don Kosin, chairman, and Mr. Kasik, advisor, controls the bulletin boards and the main bulletin board on the third floor. It also helps other committees with their publicity, and issues the Weekly Bulletin. The North Eastern District of Illinois Association of Student Councils, of which Arthur Michalek was president this year, held its meeting at Morton. The committee worked hard in planning and carrying out a successful convention which will be long remembered by all students who attended. Its advisor was Miss Prutzman.

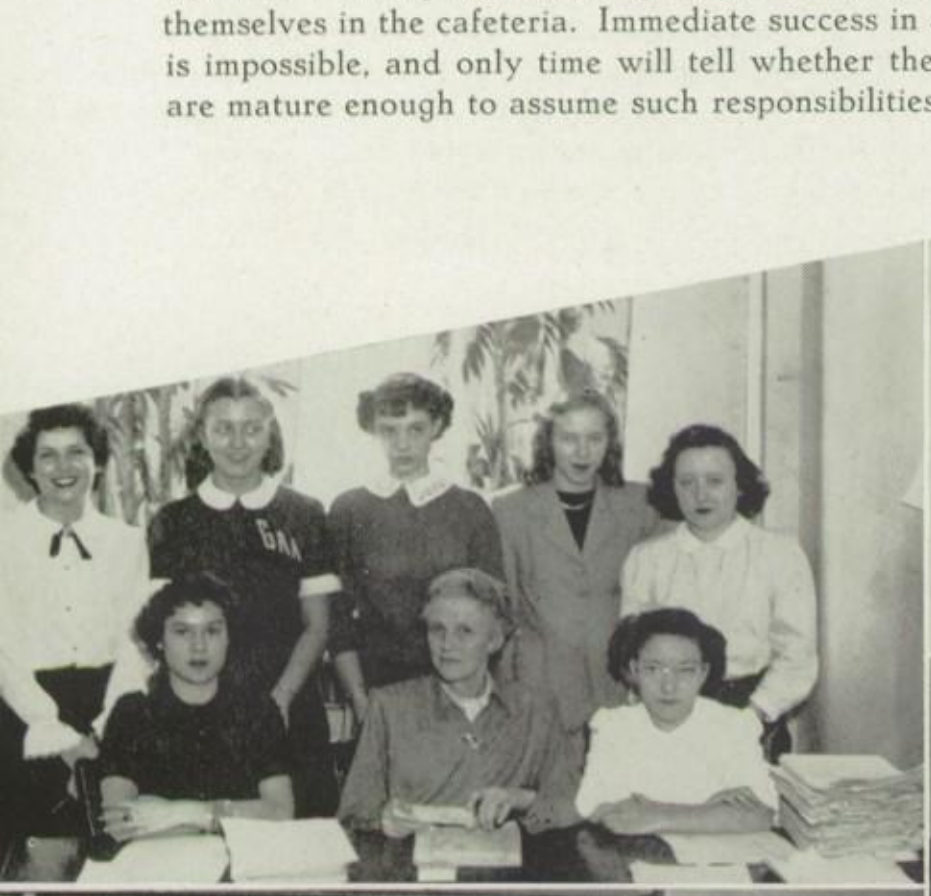
# Examples of the Numerous Active Committees

Nancy Yoknis and Miss Austin have under them the important Welfare Committee, which carries on the work of raising funds for aiding individuals and organizations in need of help. The Circulation Staff, composed of a G.A. class of boys, directed by Mr. Kasik, distribute Weekly Bulletins and other material to G.A. classes. The Athletic and Booster Committee, headed by Dale Voss, sponsored a highly successful homecoming this year, and endeavored to raise student support at athletic events by putting on several pep assemblies. One of this year's toughest jobs was carried on by the Hall and Dining Room Committee, with Barbara Hempstead as chairman and Mr. Moore as advisor. It attempted to once again give the students the chance to rule themselves in the cafeteria. Immediate success in a project of this type is impossible, and only time will tell whether the students of Morton are mature enough to assume such responsibilities.



# Scholarship, Leadership, and Character are

One of the highest honors that a Morton student can achieve is membership in the National Senior Honor Society. Not only must each member have a good scholastic standing but he must also possess a good character, and qualities of leadership and service.

Elections are held twice a year, one in December for students who entered high school in mid-year, and one in May for all students who entered Morton in September. Only students in the upper third of their class are eligible for membership, while fifteen percent of the senior class and five percent of the junior class are finally admitted after a vote has been cast by both students and faculty members. Initiation into the Senior Honor Society takes place at an assembly before the student body early in January, and after the Honor Banquet in May. Mr. MacLean presents the new members with their membership cards.

Officers for the first semester were: Tony Bittman, president; Evelynne Krenek, vice-president; Doreen Soukup, treasurer; and Elaine Rada, secretary. Officers for the second semester were: Ted Husek, president; James Rezabek, vice-president; Laddie Vrany, treasurer; and Lois Chandler, secretary. The main activities this year were the planning of the Honor Banquet and the teas held each semester for the new members.

# Traits Practiced by Honor Society Members

Scholarship, leadership, character, service, and school citizenship: these are the qualities needed in order to become a member of the National Junior Honor Society. The Morton Chapter was founded in 1929 through the efforts of Mr. Harry V. Church. It provides the freshmen a goal toward which they can work, and rewards those sophomores who have reached that goal.

The election of new members is held once a year. Each faculty member rates all eligible students, sophomores who have an average of 90 or above, on the qualities mentioned above. A Faculty Council then selects the new members, who are inducted into the Society before a student assembly with impressive and appropriate ceremonies.

The officers of the Junior Honor Society this year were: Rosemarie Knuti, president; Joe Pinc, vice-president; Paul Cekan, treasurer, and Lorraine Kratochvil, secretary. Meetings are held on Thursdays during morning G.A. The Junior Honor Society has charge of the Honor Scrolls, keeping them up to date as the school year progresses. It held a candy sale this year and a party for the new members. The Society puts up and changes the proverbs and sayings which everyone has doubtless seen in the classrooms. It also aided the Senior Honor Society with the Honor Banquet.

# Good Writing and Public Speaking is the Goal

The Morton Chapter of the Masque and Gavel, the National Honorary Society for the promotion of speech improvement, has passed successfully through its fifth year. An organization of this type cannot help but be a success for its members are all students who have proven themselves capable both inside and outside the halls of Morton. The members can be found actively participating in such organizations as drama, radio, debate, honor societies, and clubs. They excel in oral recitation in class, and often the student speakers at assemblies are members of the Masque and Gavel.

Students desiring membership may declare their candidacy during the first month of the school year. Their acceptance is determined by the approval of their teachers of major subjects, of the various club sponsors in whose club they are active, and of the superintendent. Candidates may attend the weekly meetings held during morning G.A. on Wednesdays, but cannot vote until they are initiated. The appropriate and impressive initiation ceremony was held this year on April 5. Since the aim of the organization is the betterment of everyday speech, members are required to achieve and maintain a high degree of scholarship, keeping their averages at 85 or above.

The officers this year were Bill Jennings, president; Barbara Olsen, vice-president; Evelynne Krenek, secretary; Rosemary Knuti, treasurer; and Leonard Danek, sgt. at arms. The advisors are Miss Berry and Mr. Kimball.

The Masque and Gavel members worked hard during the first part of the year in putting on the play "Jane Eyre." Casting, learning lines, long and late rehearsals, worrying over costumes, rushing and scurrying for dress rehearsal, all were rewarded on the night of the play when everything ran smoothly and the audience showed its appreciation. The cast of the play is seen in the second picture.

But that was not the only thing the Society did this year. In April they gave "A Happy Journey" by Thornton Wilder for the P.T.O. The members aided in the Easter Seal drive as well as in other welfare drives. Speeches were given during the regular meetings on drama. The Society was also successful in organizing the Junior Masque and Gavel. Next year the group is planning to take the radio program one day a week for drama presentations.

# of the Masque and Gavel and Quill and Scroll

The new and very active Junior Masque and Gavel took the place of the Speech Club this year. Its members are students, who have an average of 85 or above, interested in the advancement of speech; and who are underclassmen or 3b's willing to spend an apprenticeship period of one year before being initiated into the Senior Masque and Gavel. The meetings are held during afternoon G.A. on Tuesdays.

Each member receives a membership certificate which states that he is a member of the auxiliary chapter of the Masque and Gavel Society and is eligible for membership in the Sr. Masque and Gavel.

The officers this year were Kenneth Sobota, president; Ellen Rakes, vice-president; Carol Gauss, secretary; and Mafalda DeFalco, treasurer. James Rezabek was sergeant at arms, and Mary Jane Radnik was program chairman.

The members learn the fundamentals of parliamentary procedure, of speech, and of drama. They also took part in the Easter Seal drive. Before being accepted as a member, each student must give a speech about the aims and projects of the Masque and Gavel.

Quill and Scroll, the International Honorary Society for High School Journalists, was organized April 10, 1926, at the University of Iowa. The purpose of the organization is to encourage and reward individual achievement in journalism and allied fields. The members of the Mortonian Weekly and of the Annual are eligible for membership. A new member must be in the upper third of his class, a junior or senior, and must be recommended by either Mr. Fox or Miss Gaarder for outstanding work on either publication.

In the spring, the initiation of new members takes place. This is followed by a banquet where the new members are presented with pins and taken into the Quill and Scroll. The code of ethics, memorized by all candidates, is as follows: 1. Strive for the best, ever keeping your goal in life in mind. 2. Uphold and cherish the ideals of journalism. 3. Be true to yourself and to your writing. 4. Learn to cooperate and to respect your co-workers' and advisors' opinions. 5. Strive to keep in mind the meaning of Quill and Scroll. 6. Train yourself to appreciate the beauty in the things of everyday life and to apply this appreciation to your work.

Dear Don,
It's really been swell knowing you all these years.
Remember grammar school?
I don't think I'll ever forget it. But here's wishing a wonderful fella all the best in the world.
Love,
Doris Knell

# MUSIC

Come, make thyself a thing of speech,
My lute divine—

*Sappho*

Dear Don,

We sure had lots of fun in Chem, didn't we? Here's wishing a swell kid the best of luck in everything you undertake.

Elaine Rybacki
(Ch 4)

# Airy Strings Bring Music

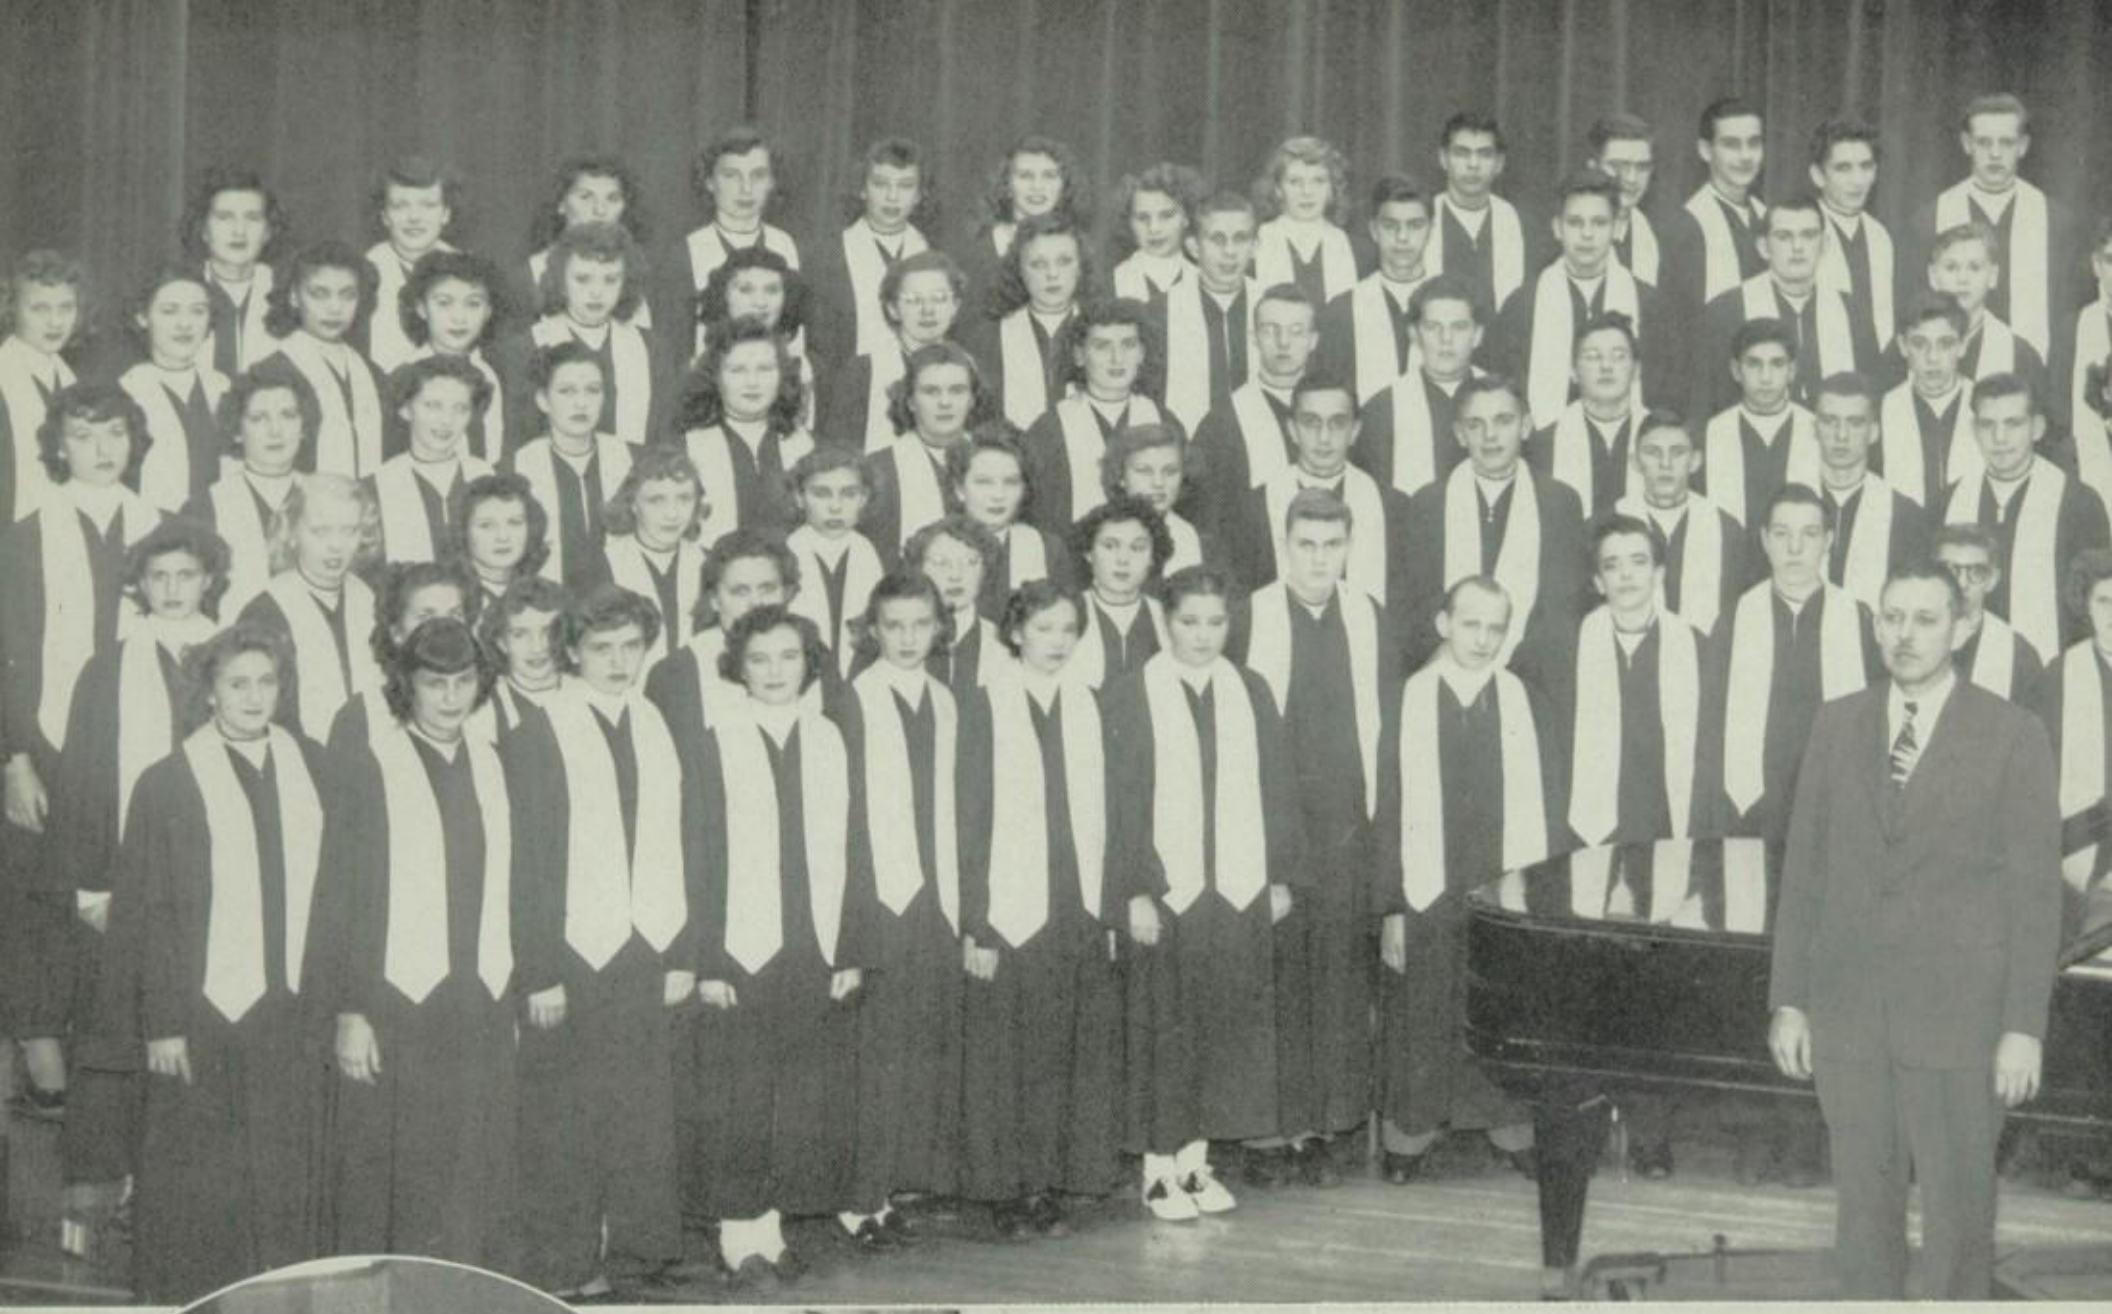
Those students who enter the Morton Music Department never realize until the end of their four years how rich they have become under the guiding hand of their director, Mr. L. M. Blaha. Not only does one learn how to hold and manipulate an instrument, but he also gains a beautiful philosophy of life.

Many hours of practice and plenty of hard work have made the Morton High School Orchestra rate as one of the best groups in the state. If you are

# Sophisticated and Otherwise

ever in doubt, why don't you attend the concert's given every year by this organization?

If your opportunity has slipped by, why don't you attend the annual operetta for which the orchestra plays. The orchestra has already made many impressive public performances in the senior plays, graduation ceremonies, and numerous assemblies to which it has contributed its services.



Dear Don,
My sincerest wishes to you, musically, scholastically, dramatically etc; you're a swell guy. Keep up the guitar; still always bring your kicks & Best of luck & Be Good
"Pete"
Take care of that cute sister of yours.

# Our Theme Song

"Let's try it again, Kids." This is a well-known phrase to the fellows and gals in the Aeolian Choir. With a concert program, Yuletide Musical, and the annual singing of Christmas Carols in the halls, they are always a very busy group. Even though this year the choir did not present their traditional operetta, they have planned on presenting "The Chocolate Soldier" for your entertainment next year.

This year we have had the largest choir group in many years. Altogether

# The Singing Hours

the third and sixth hours have had a total of one hundred and eighty students. The presidents of the third and sixth hour choirs are Gordon Peters and Robert Vodica.

Under the guiding hand of their capable director Mr. C. H. Kickert, this group of gals and fellows are turning out many memorable and enjoyable programs. If you have missed out on a few of them this year, make next year their largest turnout.

Dear Don,
I'll always remember you + your love for music. You're a good musician + a swell guy. Stay that way. Best of Luck,
Shirley Meyers

# The Mighty Morton

Have you ever passed the Music Department doors around the sixth or seventh hours? If so, you have probably heard the strains of John Philip Sousa's, "Stars and Stripes Forever" resounding through the halls.

This year the Morton Band has given some exceptionally fine concerts. Through the leadership of Mr. L. M. Blaha, these hard-working musical-minded students, who make up the Morton Band, have done their best to

# Band Plays On!

produce fine entertainment in the way of a folk song or a symphony. Efficiency and self-discipline are apparent in all of their public appearances.

Besides many school functions, as playing for football games, concerts, and such, the Morton High School Band often helps with community social events. If this hasn't been enough, an organization that I'm sure you've seen from four to six in the cafeteria on those special Fridays, is our own Morton Dance Band.

Don,
Lots of luck
to a really swell
guy. Remember
we're going to
play together
next year
Love,
Ron

Dear Don
Best wishes
to a swell
guy

Dear Don!
Well, here it is
is annual signing-time
again — and graduation-time
and there not to much to say
except the usual (see of luck & things.
P.S. Oh! by the way I'd like to say that I'm sorry
about that history — I don't study —
Here anything wrong with studying?

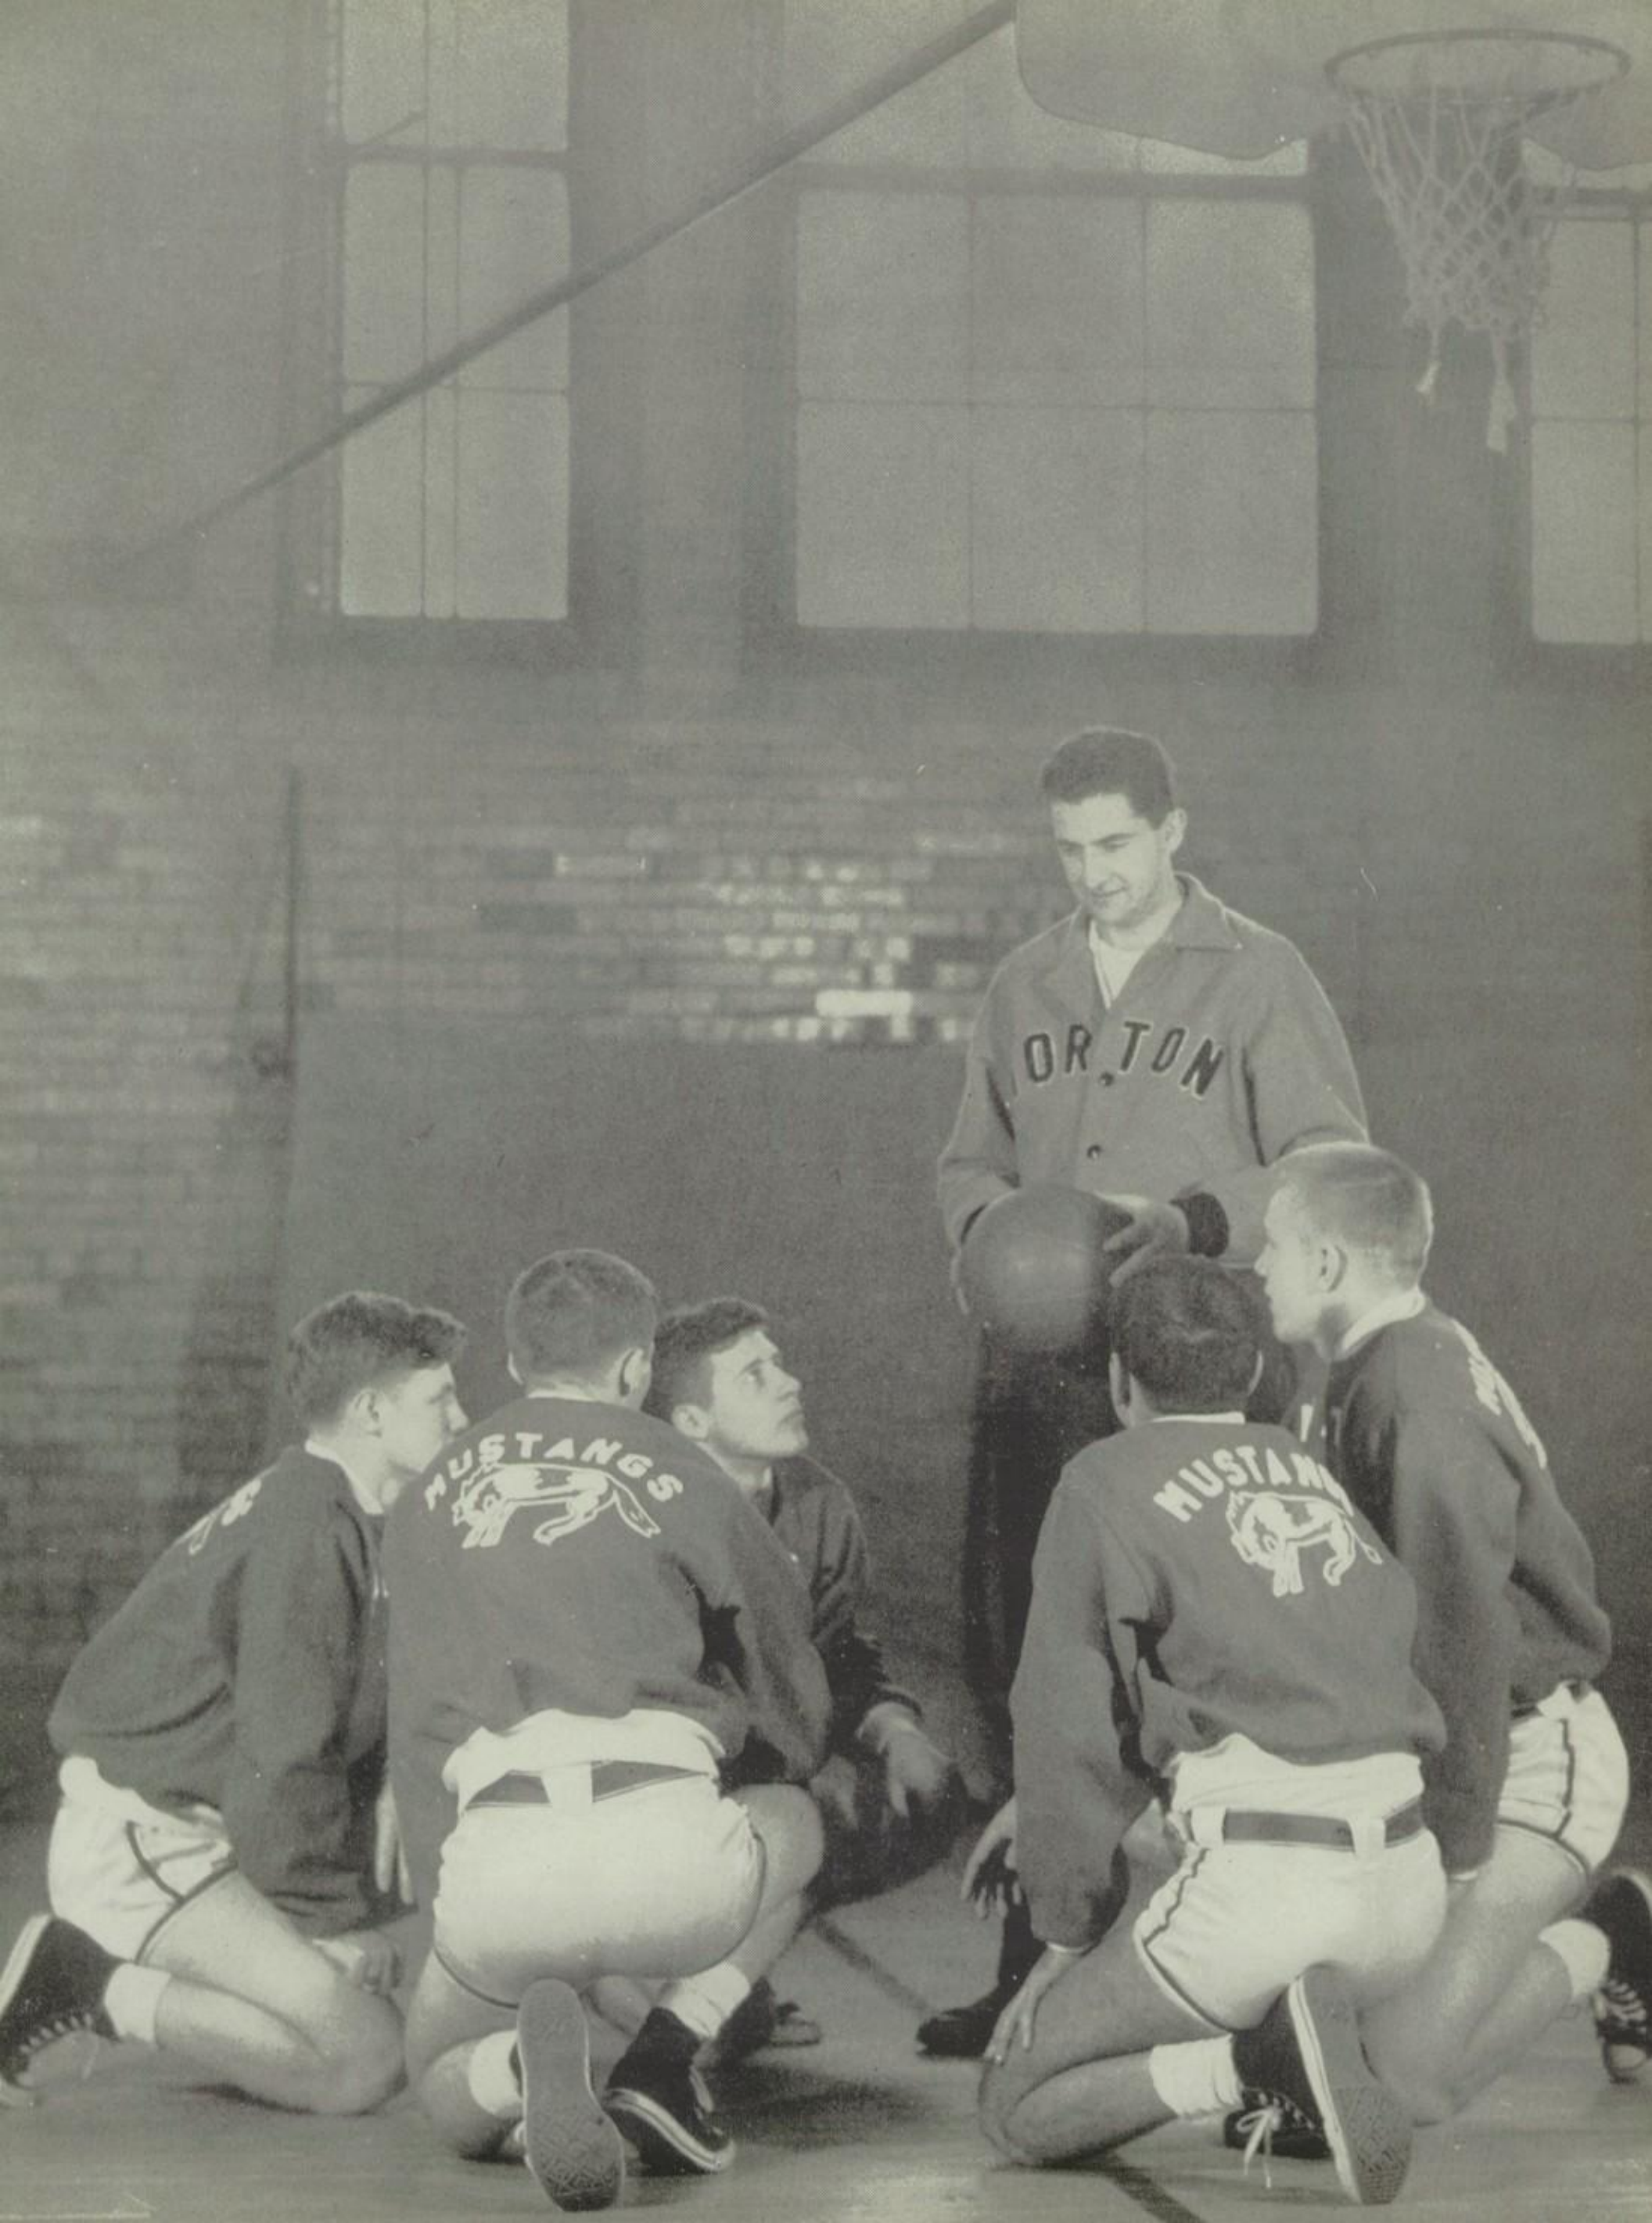
# SPORTS

Jove lifts the golden balances, that show
The fates of mortal men, and things below:
Here each contending hero's lot he tries,
And weighs, with equal hand, their destinies.

*Homer*

There is no greater glory for a man . . .
Than that which he achieves by hand and
foot—

*Odyssey*



MUSTANGS
MUSTANGS

# Mighty Mustangs Make Meritorious Showing

**Top row, left to right:** Trainer Shack, Mihatovic, Valeta, Kratky, Benisek, Fleninger, Gartner, Larimer, Manager Johnson, Ivanecky, Pretch, Wald, Lapka, Soper, Bittman, Stirek, Goldstick, Norman, Huizinga, Magnusson, Valek, Voss, Misna, Huml, Rektorski, Hippard, Krupa, Manager C. Johnson, Koch, Saraina, Norton, Halfpenny, Dcharsky, Coach Wojciechowski, Coach Ondrus.

**Middle row, left to right:** Speechly, Panacek, Strachota, Frolik, Bremicker, Hendy, Suchy, Grimes, Sujak, Kelner, Johnson, Kolar.

**Bottom row, left to right:** Vondrasek, Diedrich, Williams, Papp, Olmstead, Polich, Fuka, Cleveland, Humphrey, Stephens, Will.

**VARSITY FOOTBALL . . .** Hopes for Morton's 1948 football season were high in all quarters because of the return of several of the members of last year's varsity and the presence of many promising juniors from the frosh-soph.

The fulfillment of these hopes seemed insured as the Mustangs whipped the Riverside Bulldogs by a 19-7 score. Even without the services of their triple threat half-back, Bob Will, they outplayed their opponents in every department. Their offensive was sparked by the passing of Richard Diedrich and the running of Chuck Herda and Don Kolar.

Then the traditional battle with Oak Park. The Mustangs gave their best, but couldn't get their offense or defense coordinated; and the Oak Park powerhouse crushed the Mortonites, 26-0. The Huskies' all-state halfback, Chuck Hoag, was the driving force behind the Villagers' assault as he tallied 18 of their points.

The next Saturday the Morton eleven traveled to Evanston and rewarded their followers with a thrilling, last minute 14-12 victory. The Mustangs' first touchdown came on a long pass from Bob Will to Carl Magnusson in the end zone. Then after the Wildkits had gained a 12 to 7 advantage, Bob Will turned in a sensational 41 yard run which set up the winning tally that came on a pass from Diedrich to Grimes. Will kicked the two all-important extra points.

Another of the league's leading scorers, Waukegan's Adolph Jerdee, fattened his total against the Mustangs as he nabbed three touchdown passes in the Bulldogs' 25-6 conquest of the locals. Two of these covered long distances and were definitely on the freakish side. Morton's six points were engineered by Richard Diedrich who intercepted a pass, moved the ball into scoring position on runs and passes, and finally drove over from the three.

# Men Who Made Mustang Magic

Morton's trip to Highland Park resulted in a 25-19 loss in a free scoring battle. The onrushing Mustang line accounted for two of the scores, and an end racked up the other one. After the Little Giants had taken a 6 to 0 lead, Frank Hodek blocked a punt and Tom Stephens fell on the ball in the end zone to tie the score. Highland Park attempted to punt again, and this time Phil Goldstick got through to block it, and Frank Hodek picked up the ball and raced 27 yards to paydirt. The Mustangs' final touchdown resulted from a pass to Carl Magnusson in the end zone from Richard Diedrich.

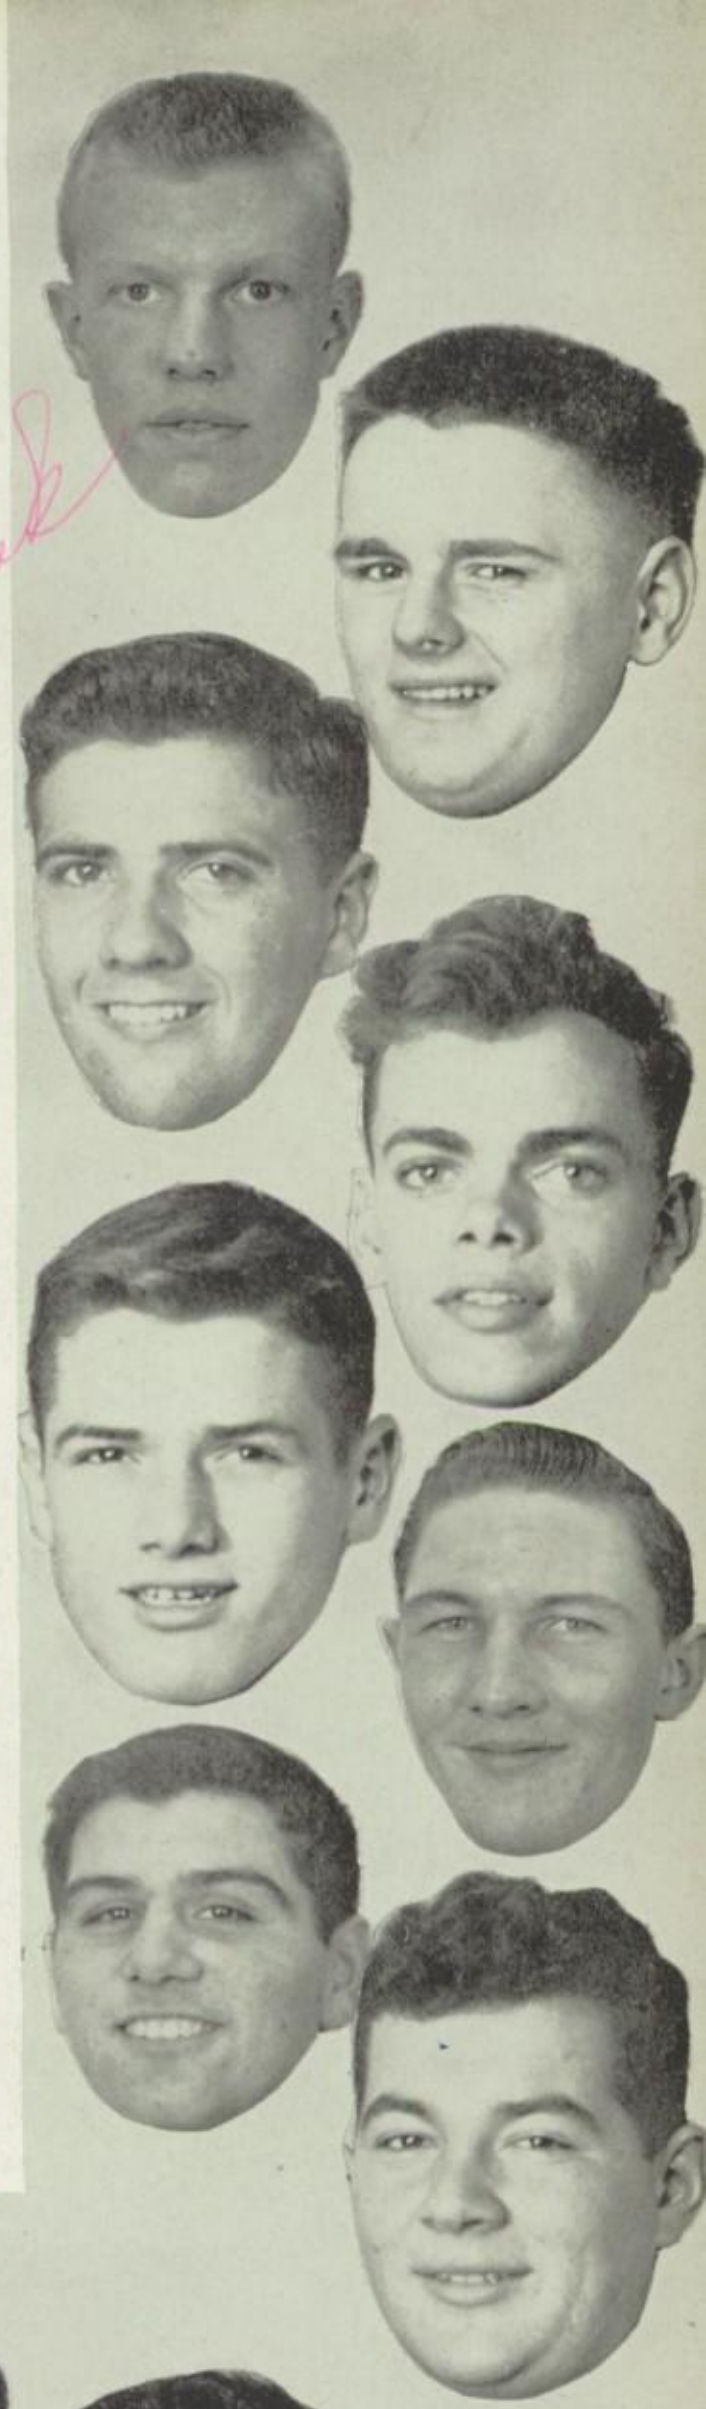
Once again bad breaks plagued the Mustangs as they fell to a Proviso rally late in the game and lost, 21-13. Morton scored the first time they got the ball, Will and Grimes running the ball into position and Diedrich sneaking it over from about a foot out. Proviso knotted the count, but the Mortonites retaliated with a 66 yard march again led by Diedrich, Will, and Grimes with the latter going over from about two yards out. An intercepted flat pass and a long punt return turned the tide in favor of Proviso once again, however, and this time it stayed that way.

The next week was Morton's homecoming game, played at Riverside-Brookfield's new stadium. The Green Wave of New Trier swamped the Mustangs with their terrific running and downfield blocking, 28-0.

They concluded the season's activities in a night game at Thornton by sustaining a 28-6 loss. Bob Will finally scored a touchdown on a seven yard run to account for Morton's side of the scoring.

Injuries played a major role in holding down the win column in the Mustang's season record. In spite of this the Mustang line, led by Magnusson, Krupa, Goldstick, Stirek, Hendy, Huml, Polich, Hodek, Huizinga, and Stephens, played ruggedly throughout the season.

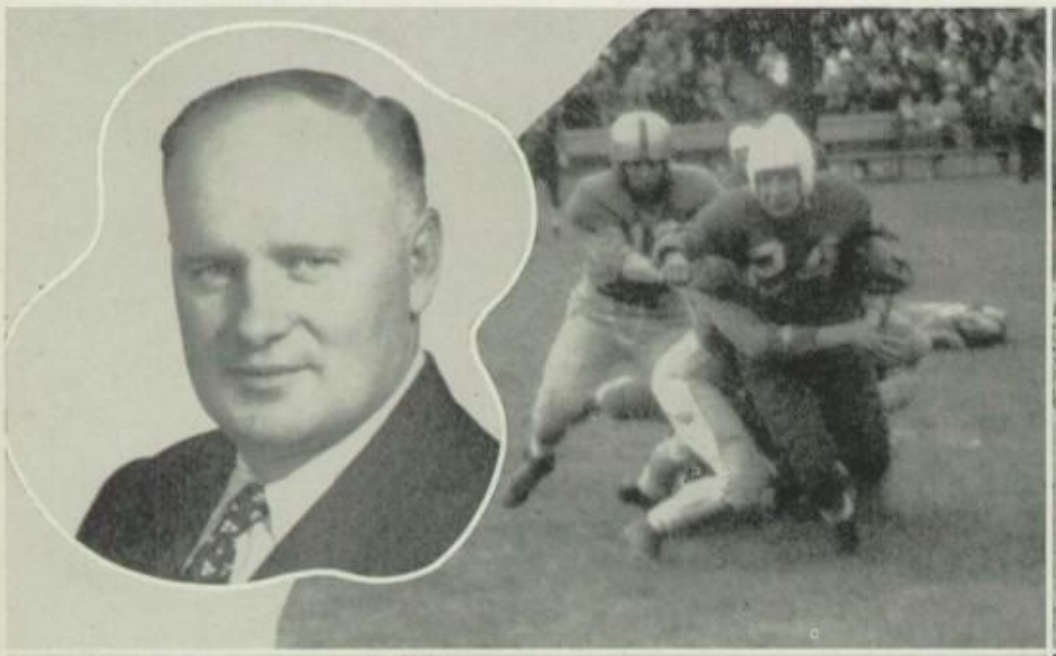
Magnusson and Will received places on several of the major all-suburban teams, and juniors, Herda and Krupa, showed promise of gaining similar honors on next year's squad.

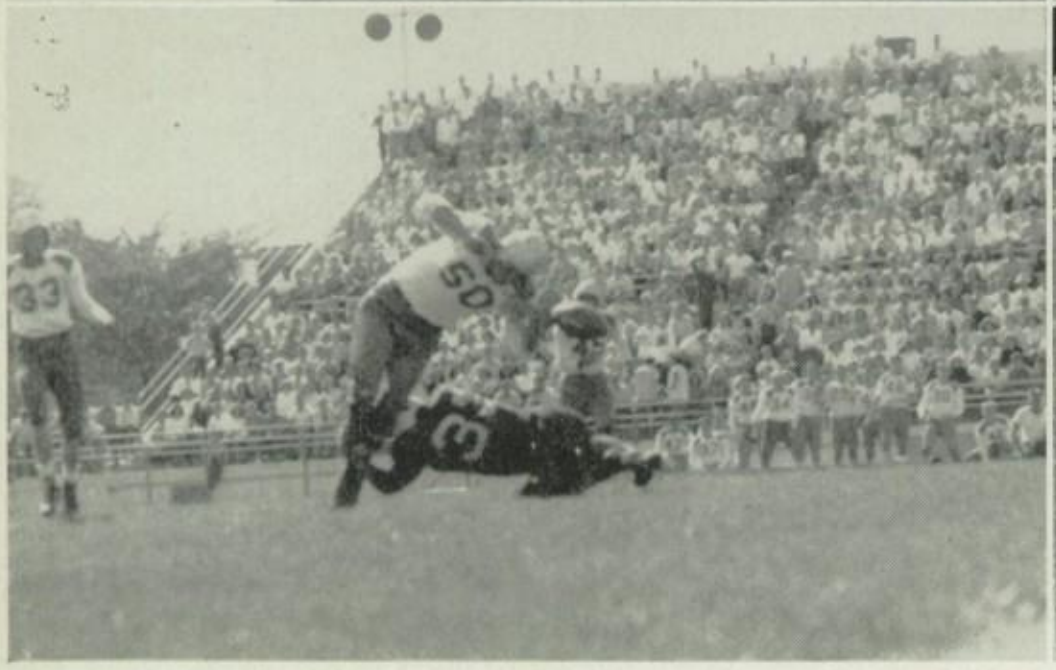


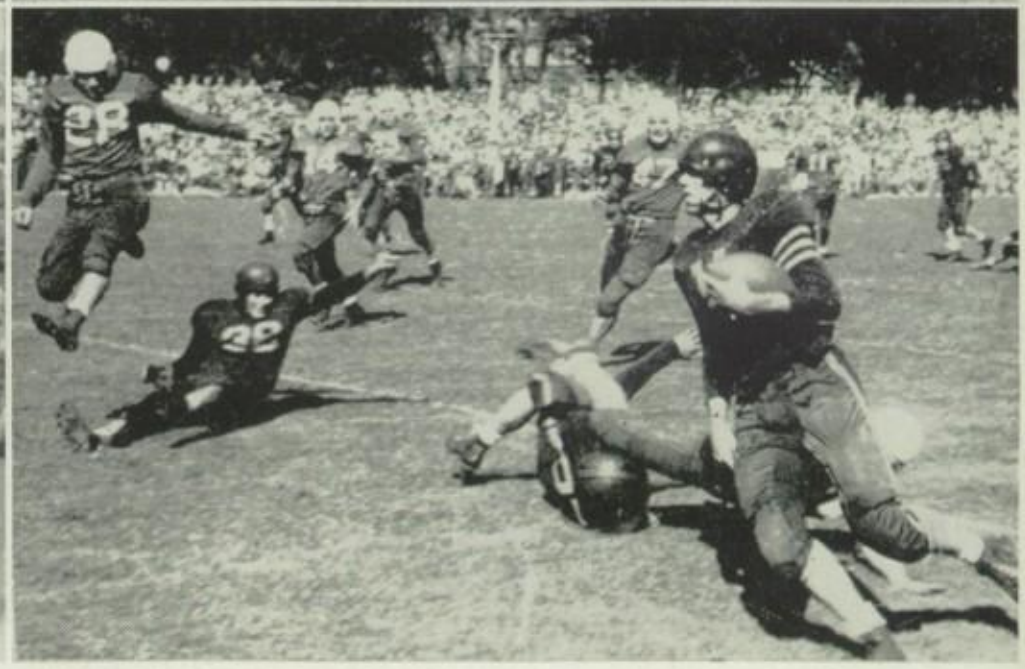
**Top to bottom:** Carl Magnusson, Tom Krupa, Wally Johnson, Gene Hendy, Dick Polich, Ray Huizinga, Tom Stephens, Phil Goldstick.

**Left to right:** Dick Diedrich, Don Kolar, Bob Will.

# Wha' Hoppened????







Best wishes
to a "L" of a nice guy
Have fun and leave the woman alone
Charley Johnson

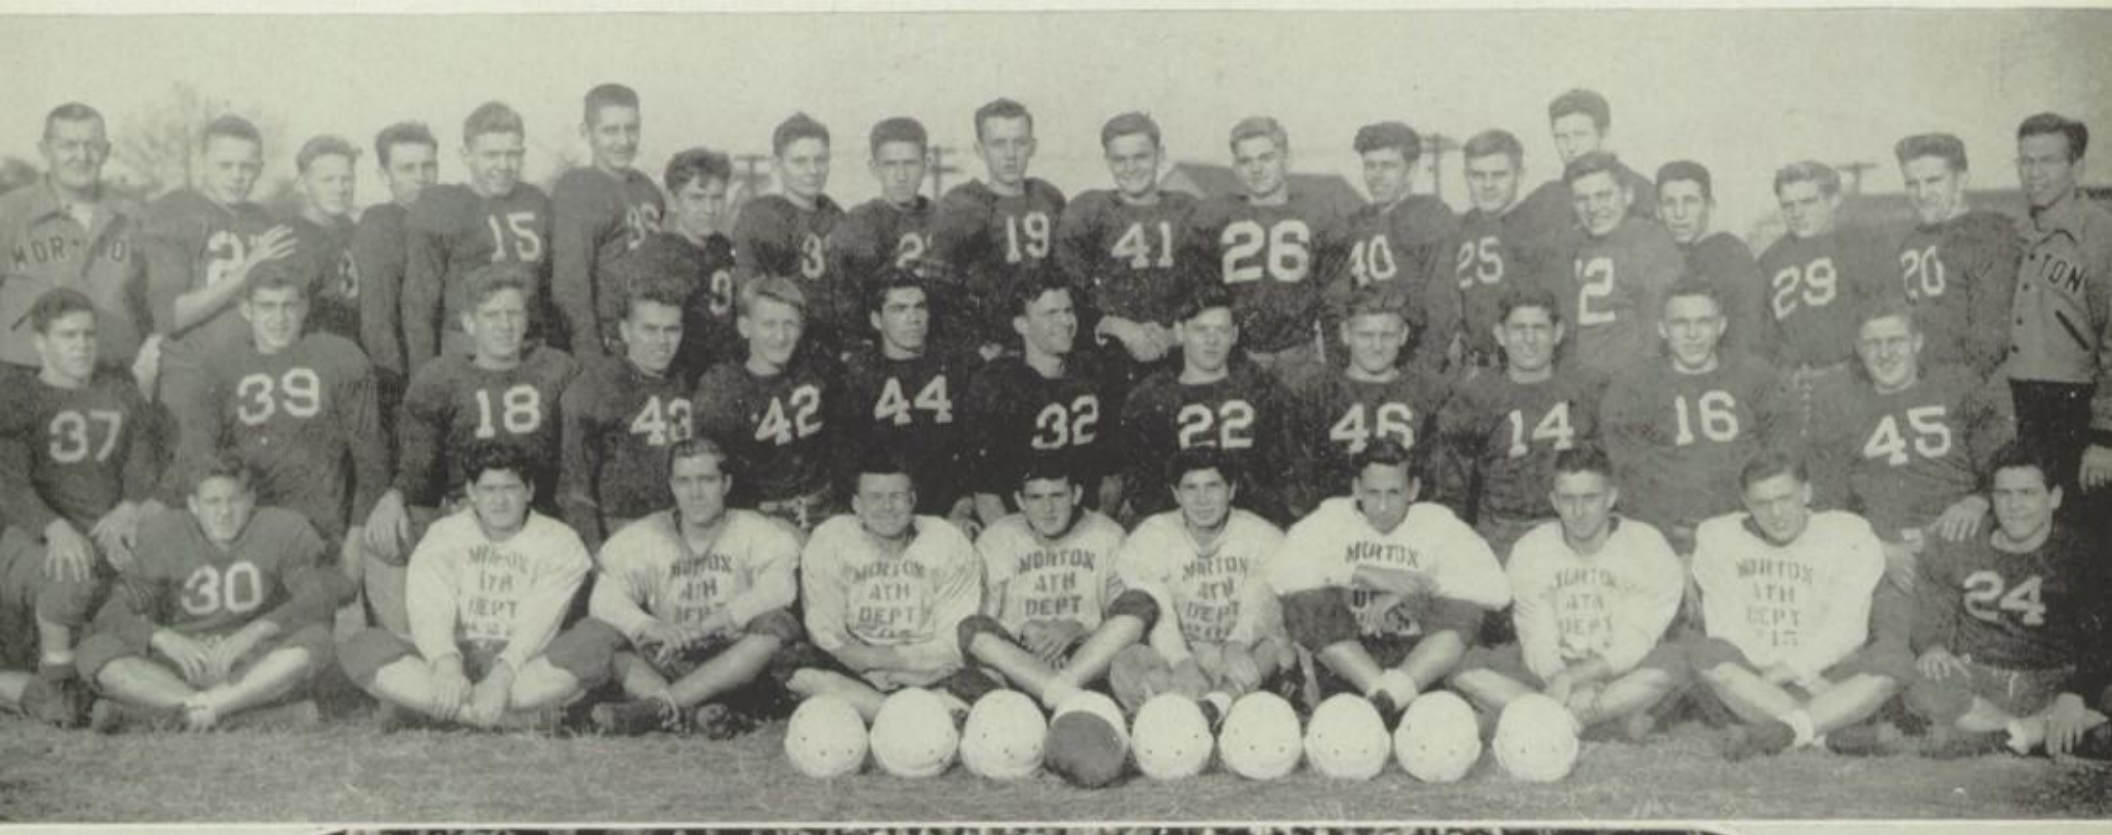
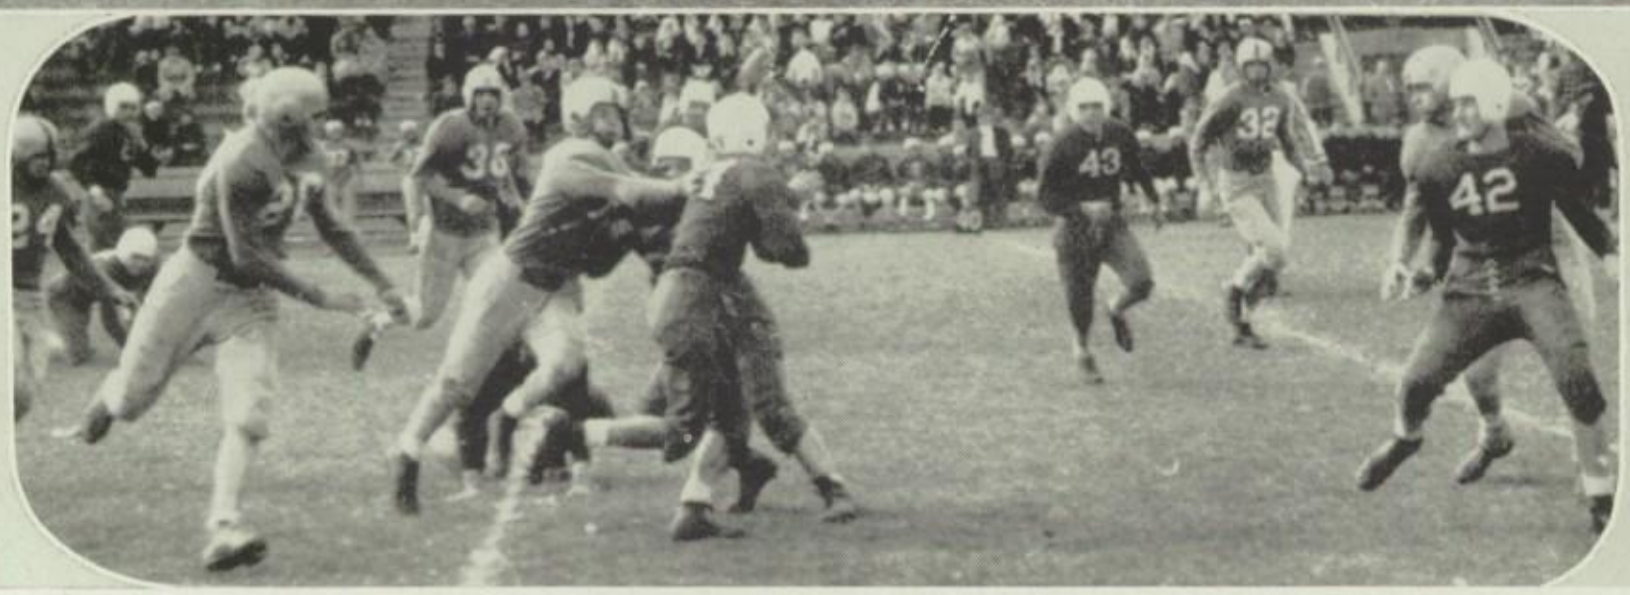
# Ponies Have Hard Luck





**Top row, left to right:** Coach Hedtke, Beck, Basak, Stachorek, Stepanek, Jecha, Posner, Skarnulis, Wolak, Recka, Kroupa, Smith, Wood, Novak, Olin, Ohman, Petrucci, Neuzil, Snyder, Coach Bond.

**Middle row, left to right:** Solofra, Dominek, Rohde, Zaleski, Kovanda, Speechly, Kocourek, Norman, Kozubik, Kucharchuk, Kaminski, Radavic.

**Bottom row, left to right:** Redfern, Lawcewicz, Zeman, Skinner, Rissky, Hanen, Plozay, McDougall, Solofra.

**FROSH-SOPH FOOTBALL . . . Morton's** frosh-soph gridders had a rather unsuccessful season in 1948 as they ended the year with a one win, seven loss record.

The Ponies started off with a heartbreaking 6-0 loss to Riverside-Brookfield. Morton outgained R-B both on the ground and in the air, but several costly penalties proved fatal as they had two touchdowns called back. Oak Park was next on the Pony schedule, and the Parkers rolled out a 20-0 win over the rather bewildered Mortonites.

Coach W. A. Hedtke's boys traveled next to Evanston where they absorbed a 31-0 shellacking from the speedy Wildkittens. The Evanstonians scored practically all of their touchdowns on long runs. Waukegan shut the Ponies out for the fourth consecutive Saturday by a 12-0 score.

Morton's first touchdown proved to be an important one as it helped them edge Highland Park 7-6. Dominek came through with a touchdown as the Ponies met Proviso, but it was not enough as Morton fell again, this time by a 26-7 count.

The frosh-soph played their best game of the season in their homecoming tilt with New Trier. The Ponies pushed the Green Wave all over the field in the first half, but they finally yielded to the highly touted North Shore team, coming out on the short end of a 14-0 score. Morton ended the season by dropping a hard fought game to Thornton, 19-7.

# Soccermen Prepare For Next Season

**Top row, left to right:** Manager Pavlis, Blazek, Pocius, Trapp, Tyrnkowski, Waska, Pertl, Nemec, Nelson, Cech, Tony Bezouska, Tom Bezouska, Coach Jahelka.

**Bottom row, left to right:** Nadherny, Tosi, Novotny, Svoboda, Kliner, Stepan, Svec.

**SOCCER** . . . A lot of Chicago and suburban schools got some long-awaited revenge from the Morton soccer team this year, as for the first time in many years the Mustangs failed to produce a championship team. The booters underwent a rather mediocre season, winning only two, losing five, and tying two. The team which was ably coached by Mr. J. Jahelka had few regulars from last year, and consequently lacked experience. Next year, however, about six of the starters will return; so Morton has a good chance of again harboring a winner.

Things started out well enough when Morton defeated Kelly, 4-2 on goals by Joe Svec and Dick Staiton. Games played in Chicago are under city rules whereby goals count two points, and penalty shots one. The second game of the year ended in a 2-2 tie with Tilden with Rudy Nadherny doing the scoring for the locals.

The Mustangs sustained their first loss in many games as they fell to Crane, 2-1. Rudy Nadherny averted a shutout by kicking one through the uprights. In the next game, however, no one was able to break in and score as the Oak Park soccermen humbled Morton 2-0.

Things picked up again from a Morton standpoint in the game with the University of Chicago High School. The Mustangs slaughtered them 13-0 with Dick Cech, Jerry Hlavaty, Dick Staiton, and Bob Jorgenson each registering goals while Rudy Nadherny got a pair of tallies and a penalty shot. A goal by Mike Tosi gained them a 2-2 tie with Crane, but in the next game another score by him coupled with one by Rudy Nadherny could not stave off a 3-2 whipping at the hands of Tilden.

A 1-0 shutout by Oak Park knocked them out of the running for the crown, and a later 1-0 whitewash by University High added to their misery.

Little Rudy Nadherny carried the brunt of the Morton scoring attack through the campaign with five goals and one penalty shot.

# Fencl-men Finish in Fourth

**Top row, left to right:** Coach Fencl, Kosatka, Tourek, Kapper, Stange, Cerny, Neher, Strutz, Jacobson, Goldstick, Manager Johnson, Manager Stellner.

**Bottom row, left to right:** Krueger, Konvalinka, Novak, Dutka, Katz, Suchy, Blaha, Will, Sujak, Valeta, Miller.

**VARSITY BASEBALL . . .** Although they ended the season in fourth place, Coach G. S. Fencl's diamondmen had no apologies to make. The Mustangs won seven games and lost seven to wind up the season with a .500 average.

Their first defeat was dealt to the Mortonites by Argo in a tight 2-1 game.

The Fencl-men took their first win by trouncing Oak Park by a lop-sided 13-4 count.

Continuing their winning ways, the Maroon and White took a close game from Thornton. The Mustang nine came out on the long end of a 4-2 score.

Oak Park came back again for more punishment, and the Morton diamondmen tucked another victory under their belts in view of a 9-6 scoring fest.

The first double-header of the season was split with Evanston. The Wildkits came out on top of a close 3-2 game. The Mustangs came bouncing back with an impressive 10-1 game over the Evanston nine.

Another double-header came when we played the Highland Park nine. The Maroon and White fell victim to the Parkers in the first game which came out in a 5-3 score. The Mustangs then came back with a 1-0 shut-out over the Highland Parkers.

New Trier then swept a double-header from the locals by 1-0 and 10-2 counts.

The Waukegan Bulldogs then went home with two games under their belts after taking a twin bill by a 3-0 count in both games.

In the next two games the Mustangs dealt the Proviso Pirates two losses by scores of 2-0 and 7-5.

The Mortonmen were eliminated from the district meet by virtue of a 4-0 loss to Riverside-Brookfield.

The leading hitter of the Mustangs was Don Blaha with a .405. Blaha also led in doubles with five and runs batted in with twelve. The constant fine play and hitting of Will, Jacobson, Miller, Stange, Kolb, Krueger, Kosatka, Alis, Novak, and Dutka were responsible for the fine showing of the Morton nine.

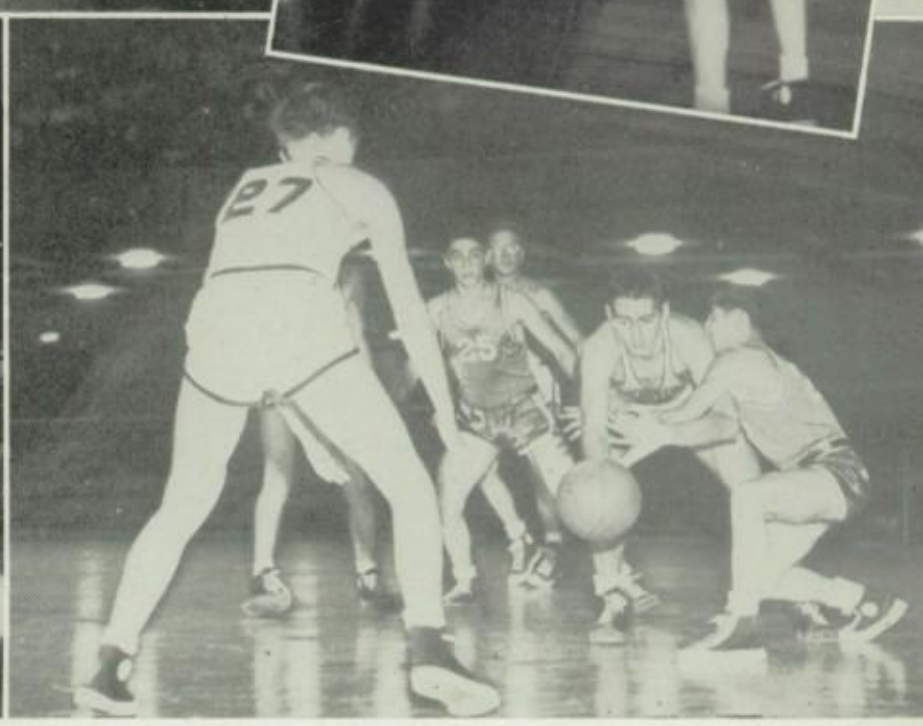
### District Meet

| | | | |
|---|---|---|---|
| Morton | 0 | R-B | 4 |

# Lanky Leapers Lead League



**Top row, left to right:** Manager Stelk, Halavicek, Hanen, Stepanek, Recha, Kaspar, La Vahn, Needham, Manager Havel.

**Middle row, left to right:** Rogers, Caldwell, Neuzil, Zoints, Mehnke, Simek, Smith.

**Bottom row, left to right:** Coach Soucek, Braigel, Zidek, Sevcik, Makovsky, Roy, Roberts, Jecha.

**FROSH-SOPH BASKETBALL . . .** "Just wait two years." Such is the cry of confident Morton fans every time they watched this year's frosh-soph squad play. "We're a cinch for state." That well may be, because the '48-'49 edition of the Ponies had everything: speed, height, spirit, teamwork, and accuracy. They put all these to good use in sweeping through the season with only two losses, one to a powerful Elgin aggregation, and the other to an inspired Waukegan quintet whom they had previously smothered. Much of their success must be attributed to the excellent leadership furnished by their coach, Bob Soucek, serving his first year in that capacity.

The Ponies began their campaign with a 39-26 lacing of Riverside-Brookfield. In the first league game, they unleashed a terrific scoring assault on Highland Park and sent them home smarting from a 62-37 beating.

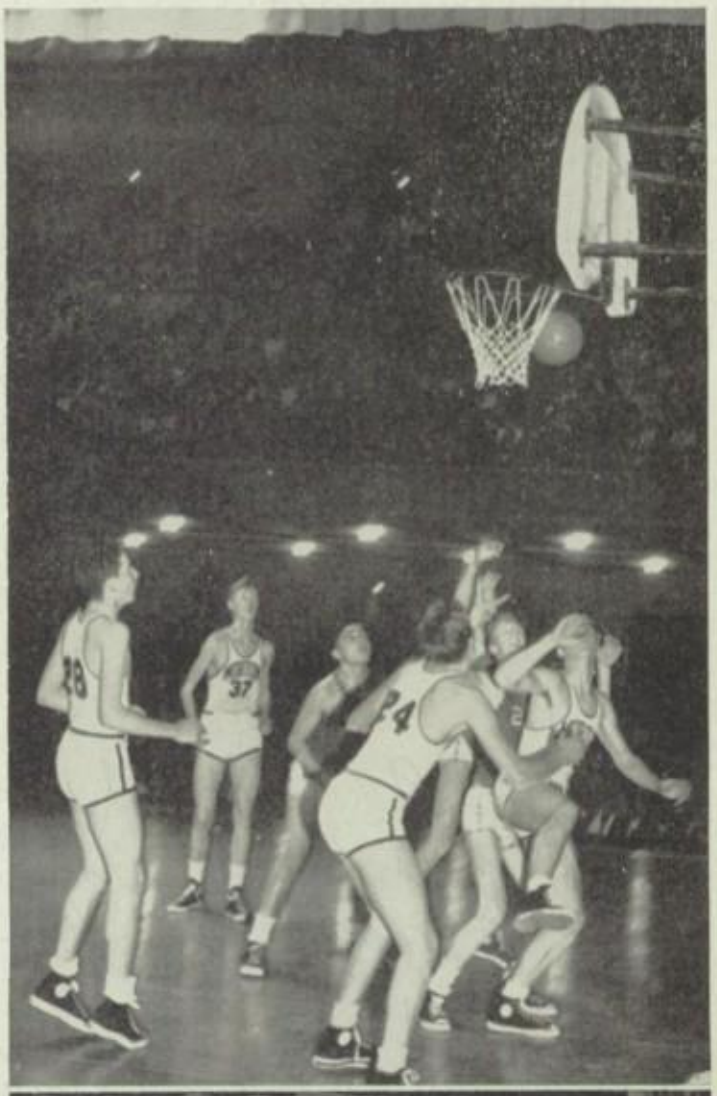
# Here's the Way They Do It

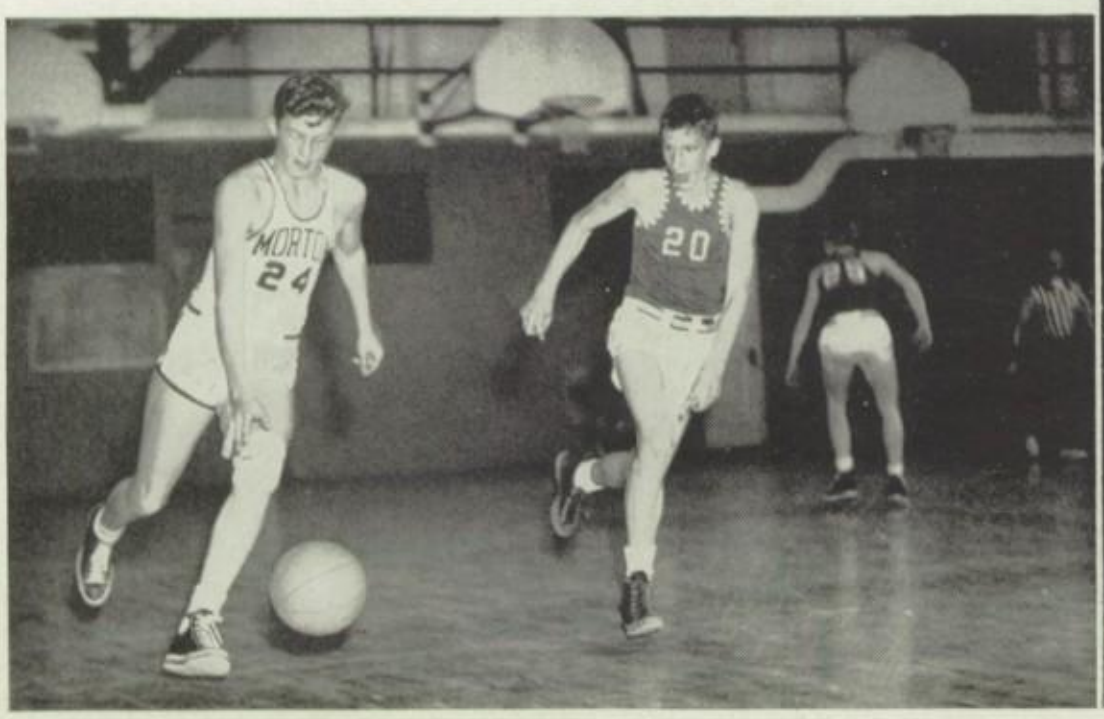
The Morton boys next traveled to Elgin where they lost 39-34. The Ponies then proceeded on their way in the league which eventually netted them the title with 13 wins and one lone setback. They disposed of Thornton 33-22, and smashed Waukegan 54-30. Oak Park was the next to fall, 34-23. Proviso provided a little trouble, but eventually they were subdued, 38-33. They slaughtered New Trier, 55-23; and they finished the first half of the schedule with a perfect record by edging Evanston, 28-26.

Once again on their merry way, the Ponies dusted off Highland Park, 46-28, and slaughtered Thornton, 52-32. By this time they were gripped by the unavoidable cockiness that accompanies a long winning streak, and were ripe for an upset when they met the tough Waukegan Bullpups. They were upset, 31-29. They came back slowly, topping Oak Park, 34-23. Proviso took it on the chin, 45-26, and New Trier was swamped, 54-34. They concluded the season's activities by knocking off Evanston, 40-13.

Despite the loss of high scoring forward, Dale Sevcik, because of mid-term advancement; the Ponies were able to carry on in fine shape by moving Ed Makovsky up to the front line and putting Dave Roberts and Jim Braigel on regular duty. The pivot position was manned alternately by Don Zitek and Ron Jecha. Forward Bill Roy filled out the starting line-up.

In the future this team promises to possess remarkable height, and if they can retain their devastating punch; the many dreams of another Morton state championship may be realized.





# The Coach and His Crew

**Top row, left to right:** Ceach Vopicka, Tourek, Hahn, Voss, Magnusson, Francl, Blaha, Pawlak, Stephens, Trainer, Shack.

**Bottom row, left to right:** Grimes, Polan, Palmquist, Strutz, Will, Niederer, Konvalinka, Manager Valeta.

Dear Don,
Here's wishing
a wonderful guy
a swell classmate
load of luck
success in the future.
Tourek

**VARSITY BASKETBALL . . .** Morton's 1948-49 varsity basketball team proved to be one of the best aggregations turned out by this school in recent years. Although the ten win, ten loss record of the squad may not have been too impressive, the team spirit and fight shown by this year's team made them a favorite to friend and foe alike where ever they played. Coach Jim Vopicka's boys were at a disadvantage, in practically every game they played because of their lack of height, but they made up for this handicap by displaying an aggressiveness and drive that few other teams could match.

Riverside opened the Mustangs' schedule by handing them a thrilling 45-41 defeat. R-B's height was just a little too much for the Morton team. In their opening Suburban League game, Morton soundly trounced Highland Park by a convincing 63-31 count. Tom Stephens led the victors with 16 points.

Elgin was the next Morton opponent, and the high flying Watchmakers defeated the Maroon and White, 53-33. It was again a case of too much height to contend with. Morton visited Thornton and left smarting from a 54-42 licking. Morton's inability to hit on a good percentage of their shots contributed largely to their defeat.

Waukegan, led by their big center, Mertes; whipped the Mustangs 49-43 in an exciting battle. Nine points by Will were not enough as Mertes hit for 25. Oak Park sent another 25 point man in the Mustangs' direction again the next night as their center, Deimling, led them to a 47-36 triumph.

Over the Christmas holidays Coach Vopicka's boys journeyed to Paris where they split two games in the annual Christmas Tournament there. Mt. Pulaski fell before the Mustangs in the opening game by a 51-48 count. Morton, although playing in foreign territory, became the favorite of the Paris fans in this game because of their team spirit. Led by Tom Stephens' 16 points, the Mustangs almost pulled one of the big upsets of the year in their second game as they were edged 31-30 by Danville's highly rated team.

# The Boys that Made the Baskets

The Mustangs started the new year off right by hanging up a five game winning streak. Proviso was the first to fall before the rejuvenated Morton team. Tom Stephens and Bob Will getting 16 and 15 points, respectively, spear-headed the Morton attack in the 58-45 victory. New Trier put up a terrific battle before succumbing to the Mustangs in overtime, 54-51. Stephens was again top man for Morton with 12 points.

Bill Strutz played one of the best games of his high school career as he led Morton to a startling 34-28 upset win over Evanston. Strutz, besides leading both teams in scoring with ten points, held Tritschler, Evanston's top scorer, to a single free throw. Highland Park again fell to the Morton squad, this time by a 38-29 count. Strutz was high scorer for Morton with nine points.

Morton gained revenge for their loss to Thornton by edging the Flying Cloud, 37-34. Stephens led Morton with 15 points. Waukegan broke the Morton winning streak by beating the Mustangs 50-43. Magnusson was high scorer for Morton with 10 points while Stephens and Niederer had nine and eight points, respectively. Oak Park's Chuck Hoag hit a last second basket to give the Huskies a 41-40 victory. It was a heartbreaking defeat for Morton, who had led all the way.

Bob Will scored 20 points as Morton defeated Proviso again 51-43. Carl Magnusson had 13 points in the battle. In another close battle Morton edged New Trier 46-45. Magnusson and Will were high for the Mustangs with 11 points each. The Suburban League race ended on a sour note so far as the Mustangs were concerned as Evanston handed them their worst defeat of the year, 59-36. Will led the losers again with 11 points.

Morgan Park was Morton's first foe in the regional tournament held here, and the Mustangs pounded out an easy 61-46 victory. Tom Stephens had his best night of the year as he scored 26 points. Morton's season ended in the next game, however, as Oak Park's combination of Chuck Hoag and Kes Deimling eliminated them from further tournament competition by a 61-47 score. Tom Stephens led Morton once again with 16 points.

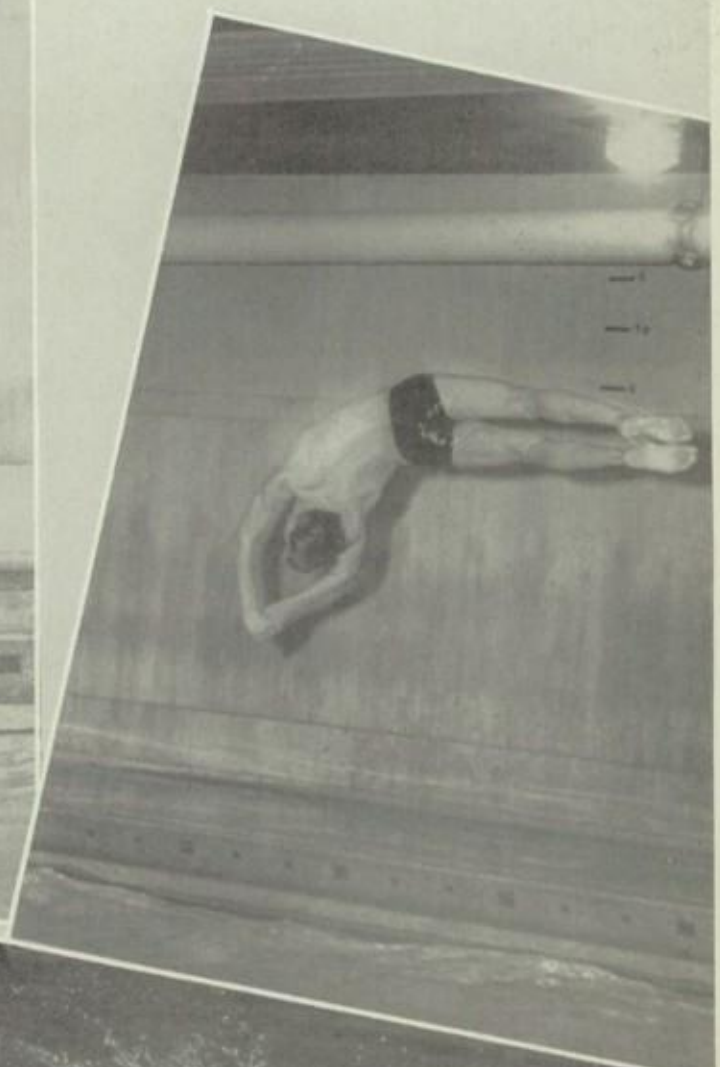
# Mermen Have Good Season



**Top row, left to right:** Manager Marshall, Coach C. L. Bond, Susin, Solofra, Mathews, Kratky, Greenfield, Jorgensen, Benakis, Rank, Benes, Balaja, Murphy, Talac.
**Middle row, left to right:** Manager Jennings, Mercer, Soski, Carter, Molnar, Needham, Palmer, Wolak, Novark, Bremicker, Ivansek.
**Bottom row, left to right:** Barrone, Tomendal, Erickson, Valihora, Will, Solofra, Wagner, Abbedutto, Yeazel, Kelly.

**SWIMMING** . . . The Morton swim team finished fifth in the Suburban League with a record of eight wins and five losses. This is the best record the team has made since 1943. Until after the Christmas holidays the team was hampered by having to practice in a public pool. This showed itself when the mermen dropped the first meet with Steinmetz. Traveling to Thornton Fractional the team showed its power in a well deserved victory. After being drowned by the State Champs, New Trier, Morton won their first home meet against Thornton. At Proviso the Maroon and White were again downed by a powerhouse and returned home to lose a close meet with Oak Park. Next, Niles was conquered on home ground, and then the team journeyed to Evanston to receive a crushing defeat. A great surprise came in this meet when Yeazel gained several yards in the last length of the medley relay to beat his confident opponent by a foot. Thornton Fractional was the next victim of the mermen, and an over sure Highland Park team was likewise dealt a stunning blow. Waukegan, Tilden, and Niles fell under the well-balanced team. In the Suburban meet Yeazel, Susin, Valihora, and Abbedutto took fourth place in the free-style relay and Yeazel won fourth in the 50 yard free-style event. In the State competition Yeazel took sixth in a field of thirty-five while Valihora was eighth of the thirty competitors in the diving event.

| | | | | | | | |

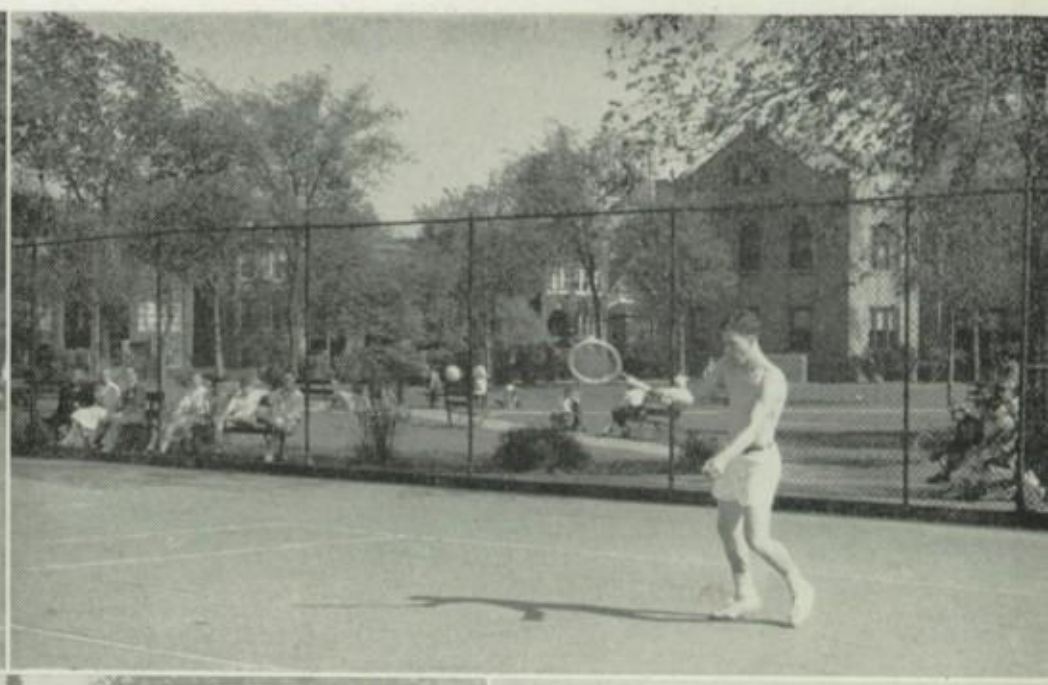
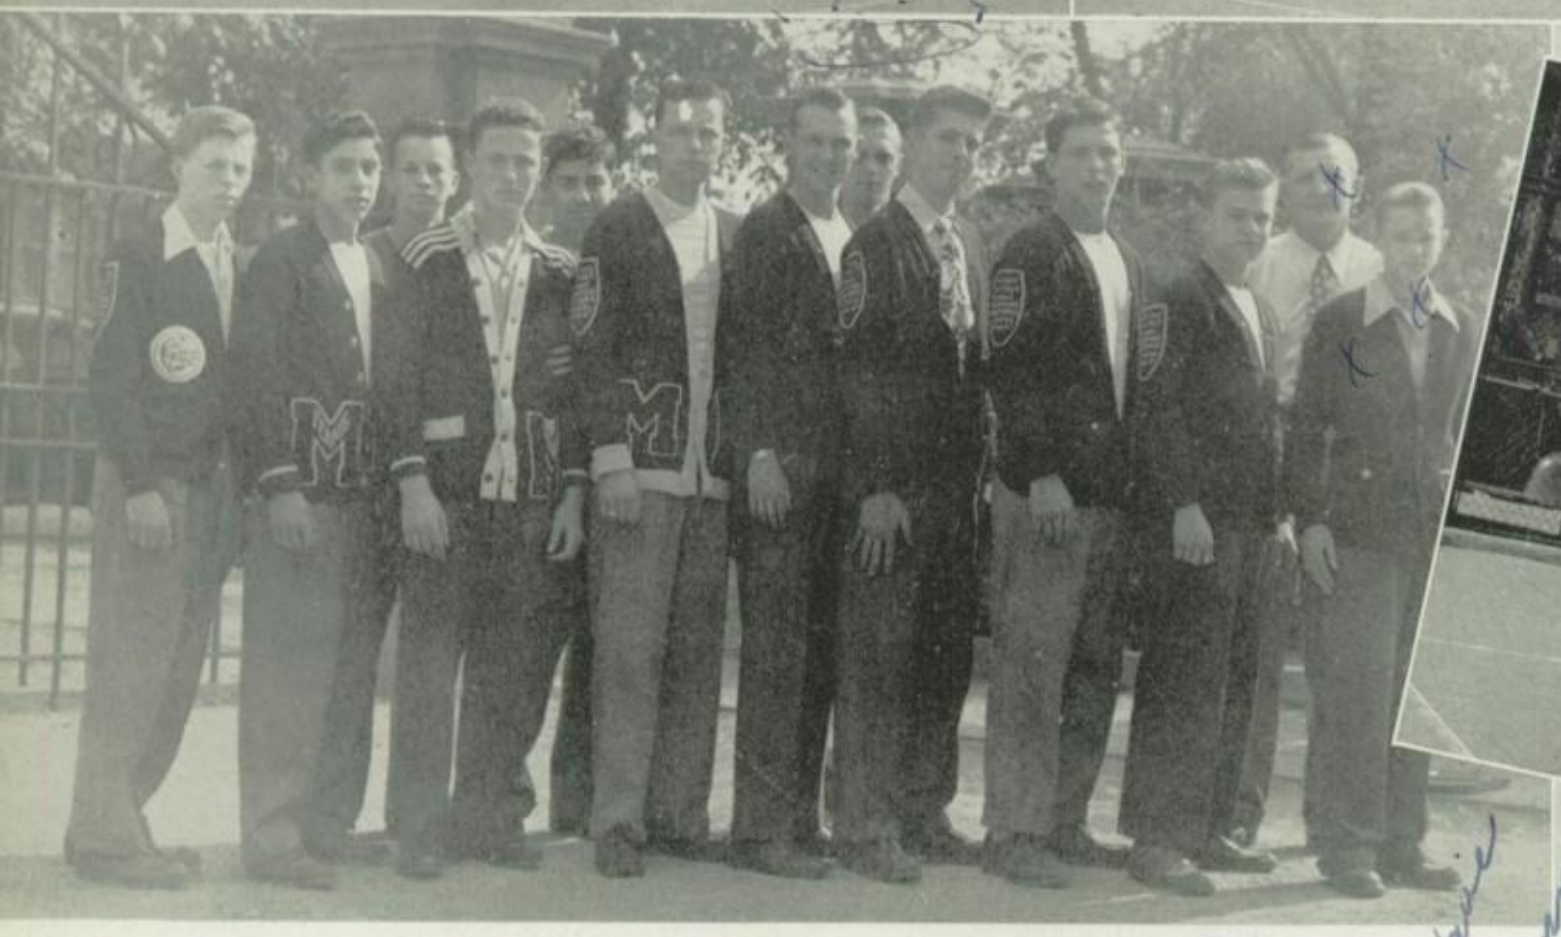
| Morton | 26 | Evanston | 49 |
| Morton | 36 | Thornton F. | 35 |

# Net-men Turn in Top Performance





**Left to right:** McCosh, Miver, Kelly, Rockett, Belmonte, Frank, Anderson, Pregl, Koska, McCandless, D. Ludwig, Coach Hedtke, G. Ludwig.

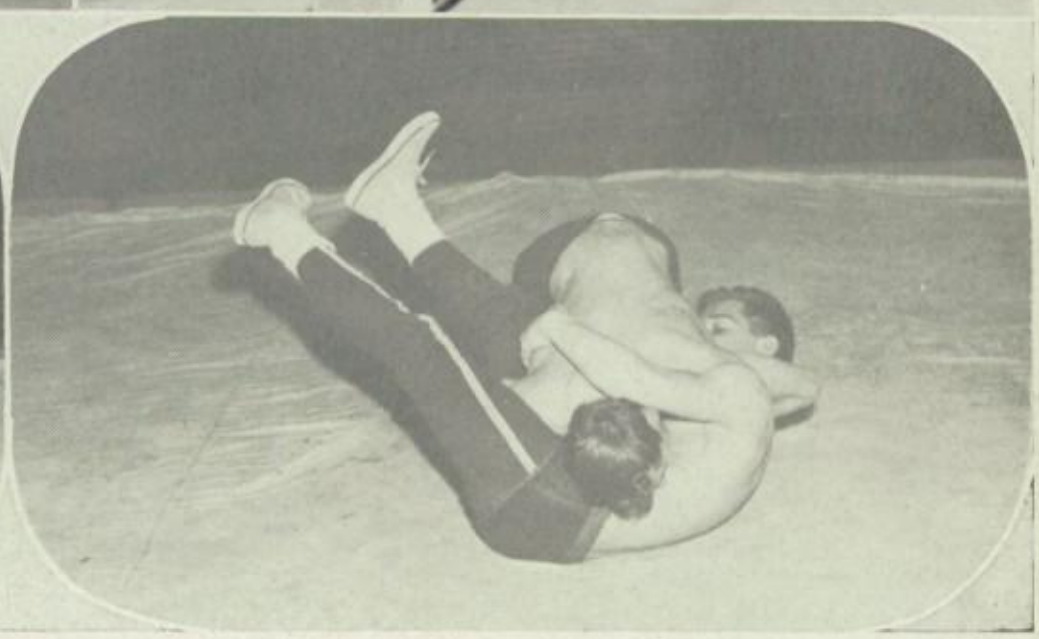
**TENNIS** . . . Again finishing a very successful season, the Morton racquet-men under Coach W. A. Hedtke won six games and lost one. They finished the season in a three-way tie for first place with Oak Park and Evanston.

The Mortonmen started with a 4-1 victory over Riverside-Brookfield. La Grange next fell to the skillful Mustangs. Riverside-Brookfield again fell to the Morton netmen. Lengthening their winning streak, the tennis-men swept the La Grange team with a 5-0 shut-out. Next on the Mustangs' list was Oak Park. Again the Mortonmen triumphed with another 5-0 shut-out. Thornton was the next team to fall to the tennis terrors of Morton. This score was again 5-0. The only loss of the season was suffered at the hands of Evanston in a tight 3-2 game.

In the state meet McCandless took second in the singles while Nelson and Ludwig took third in the doubles.

This fine season was an excellent start for Coach Hedtke in his first season of coaching the team.

# Wrestlers Turn in Fine Performance



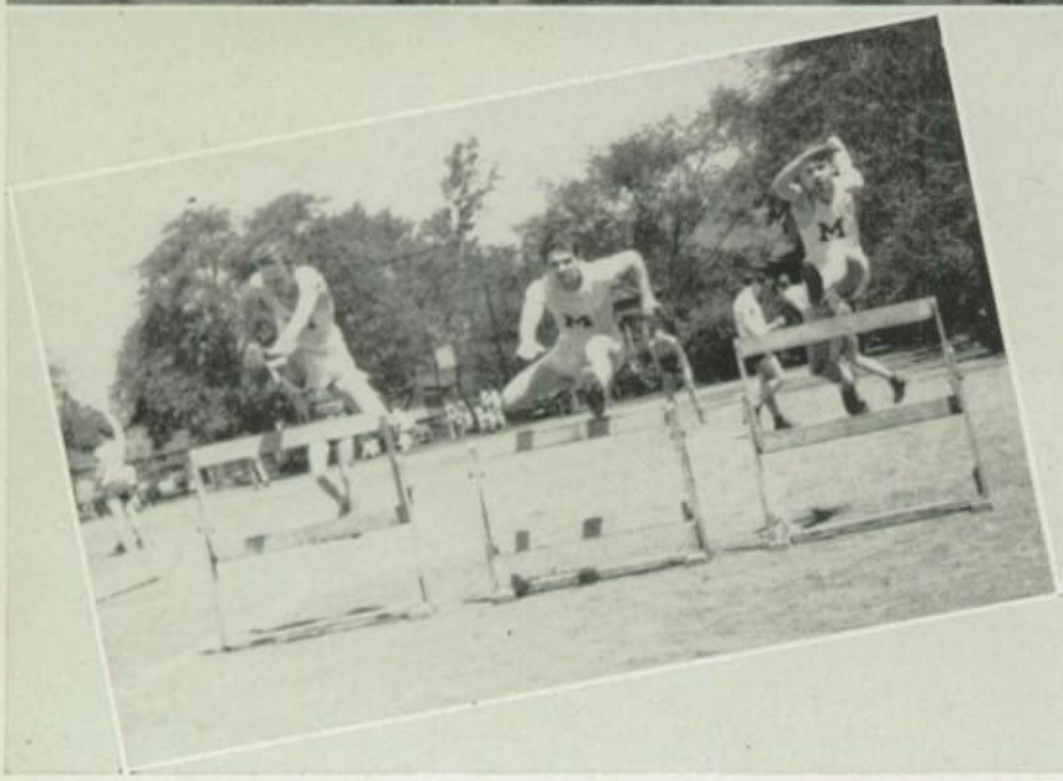
**Top row, left to right:** Mlsna, Strachota, Panacek, Polich, Norman.
**Bottom row, left to right:** Moravic, Rulec, Barthels, Ostertag, Svec.

**WRESTLING** . . . The Morton wrestlers won 8 of their 16 matches this season. Hard luck plagued the matmen in the form of injuries and ineligibilities. Because of this the wrestlers were forced to forfeit many of their individual matches. This combined with tough opposition brought the Mustangs' downfall.

The matmen took their first match of the season from Kelly with a score of 25-15. The next match scheduled was with Tilden, the last year's city champions. The Morton-men came out on the short end of a close 21-17 score. Chicago Vocational were the conquerers of the locals. This time with a lop-sided 32-9 count. Hinsdale defeated the Morton wrestlers by the skin of their teeth with a 20-19 tilt. In their next tilt, the Morton-men tucked away a 39-2 victory over Leyden. The next game of the locals was with Calumet. The result of this match was a 27-8 victory for the Morton grapplers. The New Trier Indians played host to a powerful Morton team. The outcome of this match was a 20-16 score in favor of the Mustangs. The Calumet team came back for more punishment. The Morton-men won 21-15. Thornton finally broke Morton's winning streak by a score of 22-11. A tough LaGrange team trounced the locals 25-11. Morton took their second win over Leyden by a close 20-19 score. Blue Island took a close 17-15 decision from the Morton-men. Evanston fell in the path of the Mustangs in view of a 28-11 score. For their last win of the season, the wrestlers beat Waukegan 21-16. A rugged Proviso team took the Mustangs for a 39-2 ride. The last match of the season saw Riverside-Brookfield beat Morton 23-16.

Dick Polich, Joe Moravic, Bob Norman, and Len Syverson went to Champaign to compete in the state finals. These boys took a tenth place for Morton in state. This fine team was under the excellent direction of Coach E. M. Wojciechowski.

# Morton Mercurys Show Heels To Opponents



**Top row, left to right:** Humphrey, Husek, Kosin, Svoboda, Kolar, Husa, Huizinga, Skrabel, Bruhn, Kostiwa, Wydra, Rezabeck, Becvar.

**Middle row, left to right:** Kuehn, Charvat, Hoffman, Carlini, Cwik, Szczudlo, Kwasniewski, Polich, Brakken, Sistler, Bremicker, Coach Kudrnovsky.

**Bottom row, left to right:** Vitck, Adler, Simone, Ludwig, Woodrich, Fulgaro, Christensen, Melzer, Kobeck, Nagel, Tsimbidis.

**TRACK . . .** If a few breaks had gone the other way, and if the health of some of the personnel had been better at certain times, the rather dismal picture of the track team might have been altered somewhat. The runners split two dual meets; but finished last in a four way meet with Oak Park, Schurz, and Maine, and the rugged Suburban League meet.

First, the trackmen journeyed to Steinmetz where they dropped a tough 43½-34½ decision. A second by Husek in the 50 yard dash, two firsts in the hurdles by Humphrey, a first in the 880 by Kosin, and a tie for first in the high jump by Stirek, Husa, and Voss accounted for most of Morton's points.

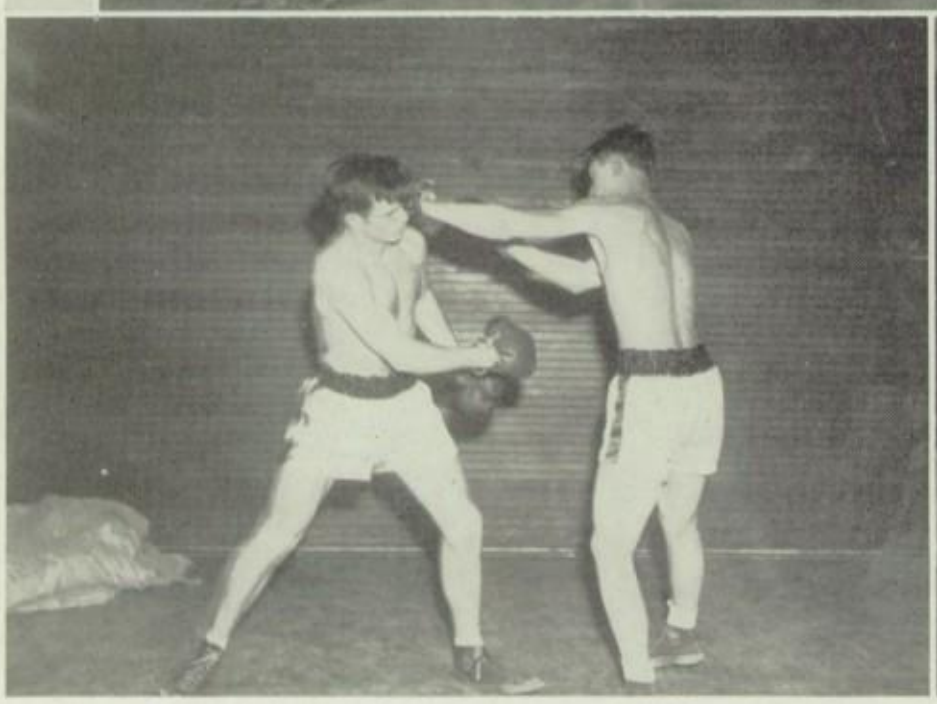
In a meet with Oak Park, Schurz, and Maine; the Mortonites came out fourth. The scoring for Morton was done by Humphrey's second in the hurdles, Kosin's second in the half mile, and Huizinga's first place heave in the shot-put.

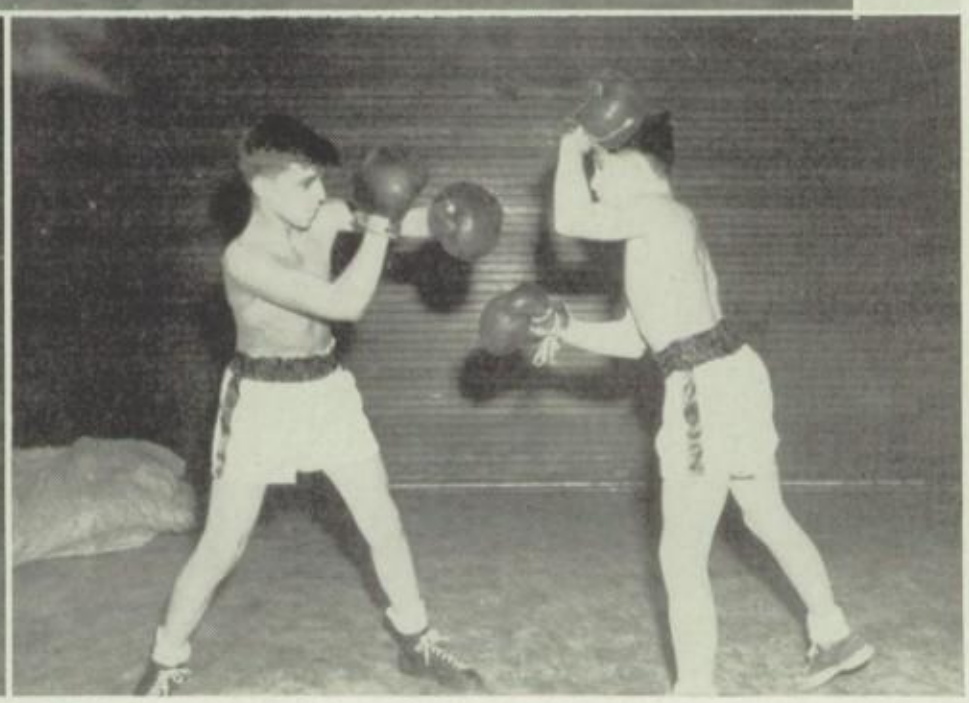
The Suburban League meet was almost as bad with the locals coming within three points of taking fourth. In the mile run Sobota and Becvar took third and fourth, respectively. Huizinga also took a second in the shot-put. When New Trier was disqualified, the Morton relay team was awarded fourth place.

A bright spot came in a home meet with Austin when the Mustangs emerged victorious, 41-36. Humphrey took second in both the hurdles, and Huizinga won the shot-put. Sobota, Becvar, and Polich finished in that order in the mile run. Kosin, Adler, and Simone swept the half mile in that order.

The relay team broke the tie of the meet by winning. The runners were Husek, Humphrey, Rezabeck, and Huizinga.

# Fighters Have Slack Season

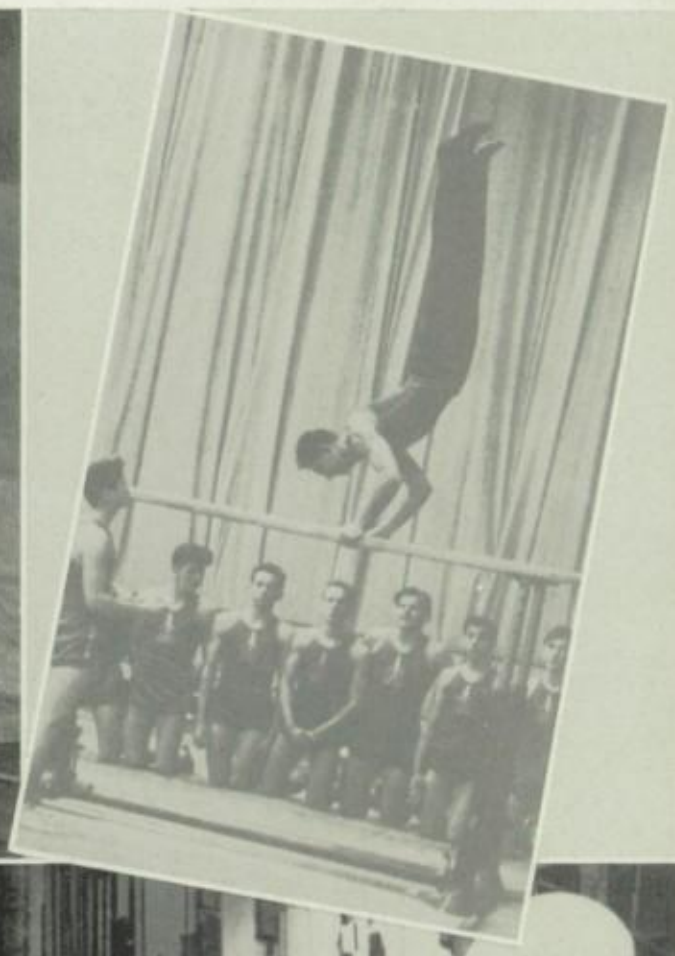


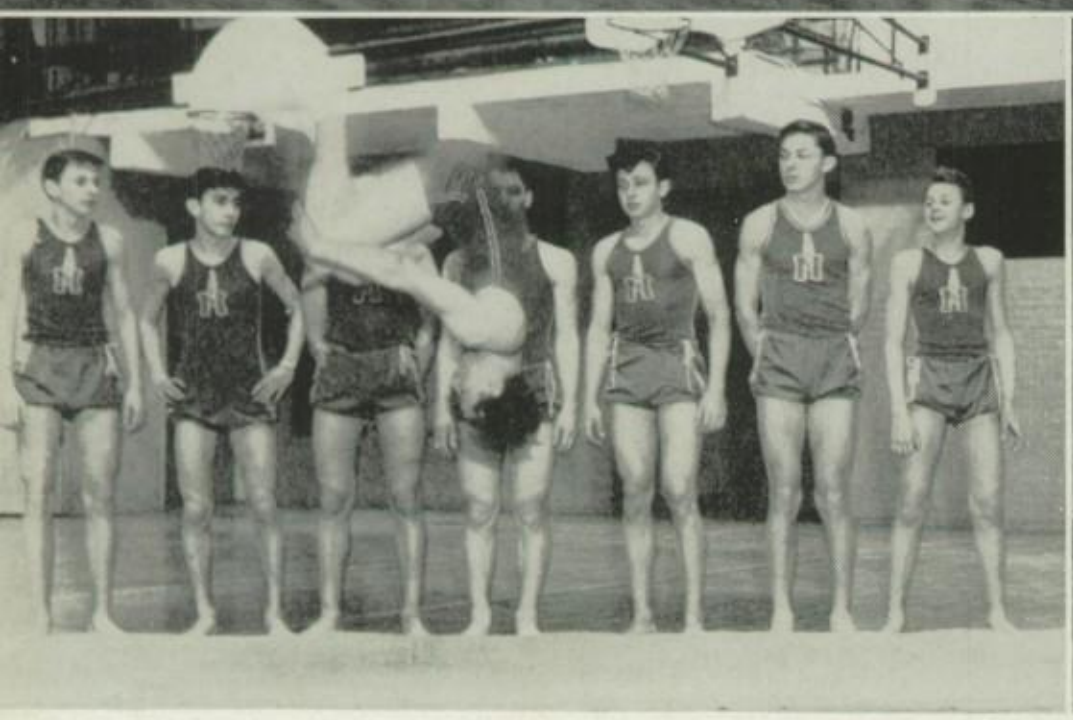


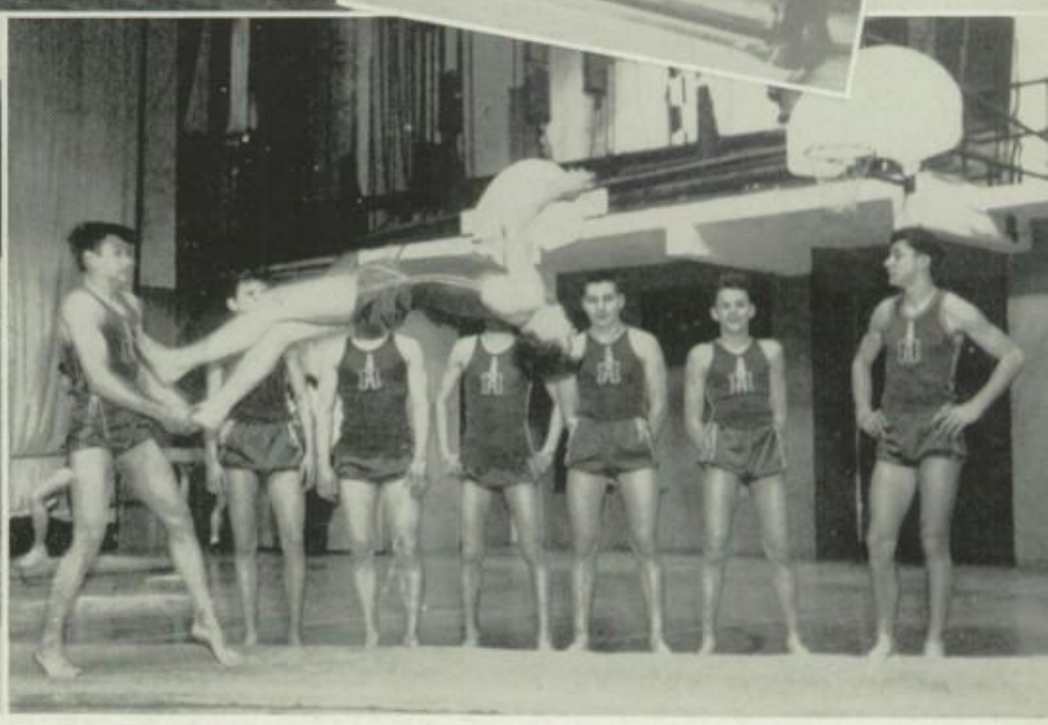
**Left to right:** Fisher, Donally, Kafka, Bogna, Ambrose, Brennan, Blaha, Partak, Halas, Mikuta, Kleronomos, Peters, Brunett, Lamar, Butara.

**BOXING** . . . The 1949 Morton boxing squad had a lot of ability but very little experience. Furthermore, they had very little chance to acquire any because of their inability to uncover some competition. With the exception of the all-Morton intramural boxing shows sponsored by the Physical Education department and the demonstrations in the PTO programs, the Mortonites were able to secure only one inter-school meet. That was with Grant, a school with plenty of power and experience; and they were defeated, 5-3. Efforts on the part of Coach Jahelka to contact other schools for bouts were to no avail.

# The Boys Who Take The Falls and Enjoy It







**Left to right:** Mathews, Tauber, Halcarz, Kramer, Richards, Svoboda, Kramer, Swiglow, Bartz.

**TUMBLING AND GYMNASTICS** . . . Because the tumbling and gymnastics groups do not have inter-school meets, the students do not get much of a chance to see them perform. A class is held during the third hour every day in which the members of the team receive instructions as to the perfection of their form on the bars and the mats. Gymnastics and tumbling are sports that require good coordination and agility. After one full year of hard and earnest practice, the team pulls its best tricks out of the bag when they present themselves in the annual P. E. show. And who directs and instructs these boys? Of course, Mr. O. J. Kudronovsky.

# Letter-men Get Together

**Left to right:** Dick Diedrich, Bob Will, Ray Huizinga, Don Kolar.

**"M" CLUB** . . . One of the most active organizations in Morton is the "M" Club. They direct the Snake Dance and the Homecoming Celebration, and it is ready at a moment's notice to help the school or other clubs put over a project. The Boys' "M" Club teams up with Girls' "M" Club to put on the one and only "M" Club Picnic. Probably the biggest dance of the year is the "M" Club Hop which was "Polar Paradise" this year. At this annual affair the "M" Queen and her court are elected. Any boy who has a major letter is eligible for membership in the club. The officers of the club for this year are: Bob Will, President; Ray Huizinga, Vice-President; Don Kolar, Secretary; Dick Deidrich, Treasurer. The club is under the guidance of Coach E. M. Wojciechowski.

# The Men Who Never Tire of Their Sports

**TUMBLING CLUB** . . . The boys who have an unusual interest in tumbling and gymnastics are most likely to be members of the Tumbling Club. The club meetings are held to explain new tumbling and gymnastic techniques. The club is under the advisorship of Mr. O. J. Kudronovsky. The officers of the club are: Ted Richert, President; Don Doskocil, Vice-President; Bill Tauber, Secretary; Don Kramer, Treasurer.

**TRACK CLUB** . . . For the purpose of getting together and organizing, the members of the track and cross-country teams formed the Track Club. All boys who are on these teams are eligible for membership in the club. Every year they attend the Chicago Relays, and they sponsor the Grammar School Track Meet every spring. The club is sponsored by Mr. O. J. Kudronovsky. The officers of the club are: Ted Husek, President; Jack Humphrey, Vice-President; Ben Bruhn, Secretary; and Ray Huizinga, Treasurer.

# Everyone Is A Good Sport

**GIRLS' ATHLETIC ASSOCIATION . . .** Unlike other athletic groups, the G.A.A. is not just a club here at Morton; it is a statewide organization. It is also so popular that it has become necessary for girls to earn 50 health points and 50 activity points before they can become members.

The G.A.A.'s numerous activities included intramural tournaments, parties, play-days, and banquets. The annual posture contest was also under G.A.A. direction. Other highlights of the year were a student-teacher volleyball game and interscholastic telegraphic tournaments.

A blue and white pin that is a miniature map of Illinois is the first award given by the club for athletic achievement. The two local awards, the numerals and the "M", and two state awards, the state letter and map, are presented to girls who have earned sufficient points. Points are earned through participation in sports, good health records, and scholarship.

Directing the activities of the club were: Pres., Allene Kubice; Vice-Pres., Marlene Motis; Sec., Joan Zobel; 2nd Vice-Pres., Nancy Cadek; Treas., Lillian Miller; Social Chairman, Loretta Pruetter; Publicity Chairman, Mary Ross; Sports Chairman, Mary Jane Radnik; Historian, Alice Mack. Misses Scribano and Berman advised the group.

# Variety — The Spice of Life

Dear Dom,
Best wishes
to a fella like
Knuckles for I guess
tomorrow school
I'll remember?
Luck and
success-
Marilyn
Gruber

**JUNIOR-SENIOR SPORTS** . . . Junior and Senior years are anticipated by our girls, especially in the field of sports. The girls are familiar with the rules of soccer, basketball, and volleyball; therefore stress is placed on form and the finer points of these old time favorites.

Home Nursing replaces hygiene in the curriculum of a junior. The girls learn what to do when a member of their family becomes ill. Upon completion of the course, a Home Nursing certificate is given to all worthy girls.

When the Senior year is attained, our "big wheels" are given First Aid training. Before they graduate, they know how to assist an injured person before the arrival of a doctor. This year's First Aid course was shortened to one semester instead of an entire year; therefore only girls who were recommended by their instructor received a Red Cross First Aid certificate.

Upperclassmen are permitted to enter special classes upon recommendation of their previous gym teachers. They have a selection of advanced swimming, creative dancing, leadership, life saving, or tumbling. There is some activity to attract the interest of everyone.

# At The Bottom of The Ladder

**FROSH-SOPH SPORTS** . . . This is certainly the golden age of athletics for girls. A Greek goddess could never have participated in sports as our Morton girls do today. A girl entering Morton embarks on a well planned physical education program. One of the first things she learns is the fundamentals of the games of soccer, basketball, and volleyball. The rules of these games and the necessary techniques for playing them are taught during the first two years of gym. In addition to games, the underclassman is schooled in marching tactics, dancing, conditioning exercises, and swimming.

The weekly hygiene period gives instruction in healthful living. Personal cleanliness and the prevention of sickness are the topics of discussion. Movies are shown in addition to classroom lectures.

Sophomores are those lucky people who receive instruction in the theory of driving a car. Morton is equipped with many testing devices to measure the student's qualifications as a driver. Actual practice is received in parking, turning, and backing. The students use dual-controlled training cars to practice these maneuvers.

Dear Elon,
I haven't known you very long but in that time I found out what a swell fellow you are... one of the nicest I've met in a long time. I hope I see you again sometime before I move. Have a nice time this summer & don't work too hard.
Your friend always,
Mary Ann Prothaska

# They're Gymnastic, Plastic and Elastic

**TUMBLING CLUB . . .** The Tumbling Club attracts all girls who are talented in advanced tumbling. One must be able not only to contort the body into odd and muscle stretching positions, but also to know how to execute forward rolls, cartwheels, mounters, pendulums, and backbends.

Girls who perform tumbling skills well and who take part in exhibitions and demonstrations earn points that enable them to receive a tumbling "M".

The tumblers spend a lot of time perfecting their difficult gymnastic feats, but they also have award banquets, parties, and other special activities.

The officers of the Tumbling Club were: President, Darlene Twaidowski; Vice-President, Nancy McGrath; Secretary, Claire Czykier; Treasurer, Eleanor Hosticka. The second semester Nancy McGrath took over the duties of the presidency. Miss Berman is the advisor.

# They've Earned Their Letters

Dear Don
I wish you all the luck in the world and I know you will rise to the height of your ambition. Best Wishes to a swell fellow — Diana Schlentz

Best Wishes
to a Swell Guy
Best Wishes
Angeline Strand

**GIRLS' "M" CLUB** . . . A group of girls who take sports seriously and enjoy using their energy to develop athletic skills are the members of the Girls' "M" Club. All girls who have joined the club have earned the school letter.

By participation in intramural tournaments, P.E. demonstrations, and by keeping swim cards, walk cards, and health charts, the necessary 1000 points for a "M" can be earned. Other requirements for membership are an 85 average, swimming four lengths of the pool, and going through the club initiation.

"M" Club members are always ready and willing to be of service to the school. The girls serve at banquets, make Christmas baskets, and collect money for the March of Dimes.

The officers this year were: President, Diana Schlentz; Vice-President, Barbara Olson; Treasurer, Joan Weber; Secretary, Shirley Rodriguez; Sports Manager, Betty Slavicek; Assistant Sports Managers, Joan Rumbyrt and Marlene Russell. The second semester Marge Jicha became secretary and Dorothy Wendt assistant sports manager. Miss Griesbaum is their advisor.

Dear Don,
We had a good time doing the play didn't we. Wish we could do it again.
Sincerely wish you all the luck, happiness & success in the world.
Love & Luck
Joyce Roberts

# To The Rescue — Heel and Toe

**LIFE SAVING CLUB . . .** There is no need to be a "land lubber" when one of the girls from the newly organized Life Saving Club is on hand. Even if you can't swim very well, these girls can. They have all earned the Red Cross Life Saving Certificate, which indicates their ability to assist or rescue a person in danger of drowning. Membership in the club entitles girls to guard during class periods.

There is now a new emblem for which the members may work by guarding and swimming.

Officers were: President, Jackie Domar; Vice-President, Maryann Havlicek; Secretary, Marlene Motis; Treasurer, Allene Kubice. The advisor is Miss Berman.

**TAP DANCE CLUB . . .** It's not woodpeckers you hear working in the gym every Tuesday; it's the Tap Club in action. The girls are probably practicing snappy tap routines. Under the direction of Miss Novotny, the members learn the fundamentals of tap dancing. This year the girls danced in the Morton Follies and at Great Lakes.

The officers of the advanced group were: Chairman, LaVerne Burke; Secretary and Treasurer, Joy Steskal and Marion Kastnicka. Beginning group officers were: Chairman, Ann Fizel; Secretary and Treasurer, Shirley Rons.

# Graceful Interpretations of Melodies

**CREATIVE DANCE CLUB** . . . The lassies who appear in those bright costumes and rhythmic dance routines at assemblies and demonstrations are the Creative Dancers. They work out every day in (of all places) the boxing shed. There they strive for the perfection of various dance techniques.

The members of the advanced creative dance class are eligible to belong to the club. The group meets two periods each day, which provides time for composing dances, rehearsals, and club activities. A creative dance "M" is awarded to girls who fulfill certain requirements in dance performances and compose a dance.

This year, in addition to appearing in assemblies and the P.E. Demonstration, the girls performed at Great Lakes and in the Morton Follies.

Officers for the first semester were: President, Evelynne Krenek; Vice-President, Lois Taluzek; Secretary, Nancy Kellogg; Treasurer, Carolyn Pribyl. Those who presided the second semester were: President, Doreen Soukup; Vice-President, Barbara Olson; Secretary, Joan Pratt; Treasurer, Joyce Pawlak. The advisor is Miss A. J. Novotny.

Dear Pon,

too bad you left us in H.A.
we all miss your big — smile.
I hope you make a big name for
yourself in the future.

good luck and be good

Bob Hanze
(118)

# CLASSES

Poem by SPAT!

I'm writing this note to tell you
That the Lobenins have taken away
The things that I really needed
My toys, my reindeer, my sleigh
~~I'm writing this note to tell you~~
~~that~~

Education is a possession which cannot be taken away from man.
Epictetus

Since losing my goods or a donkey
He's old, He's crippled, He's slow
The wealth of the mind is the only true wealth.
Proverb
So you'll know why I don't need you

I'm OUT ON MY ASS in The Snow!

SANTA SPAT

# Senior Cabinet of '49

Top left: Myles Spatny, president first semester.
Top middle: Advisors: F. Wissig, T. W. Stone, J. S. Patras, A. P. Kovanic (not in picture.)
Top right: Ted Husek, president second semester.
Bottom left: First row—LaVerne Vavricek, Rose Marie Knuiti, Marian Lentz, Connie Krueger.
Back row—Earl Hensel, Ted Husek, Myles Spatny, Art Michalek, Ernie Holub.

The Senior Cabinet provides one of the last opportunities in which the students have a chance to participate in planning and directing the social activities of the class. Also, the Senior Cabinet has the important task of planning and executing the graduation exercises.

Election to this cabinet is an honor, and it is the duty of each of these members to fulfill the promises made in their campaign speeches with the assistance of the Cabinet's advisors.

"Dear Don.
Good luck, now that
your out of school & going Morton J. C.,
there wishing you all the luck
in the coming years. It has been
swell knowing these past years,
Hope to see you around
Your Pal. Ronald Barletta

Dear Don,
It sure is nice knowing a swell fellow like you and I want to wish you the best of luck, success, and happiness in all of your coming years. This book is a complete record of everything to remember.
Best wishes,
Pat Fields

RESERVED FOR TECH'S VOLT BOYS

Robert J. Filipek

Don:—

Well here it is time for us to part and each go our own way. I hope that you choose the right path and make something out of yourself. You really deserve the best this old world has to offer, Don. Its going to be kind of tough parting with all of the fellows but I guess we can't follow each other around the rest of our lives. Best wishes and loads of luck to one of the nicest guys I've met at J.H.S. I sincerely hope that our paths cross later in life and we can once again renew our old friendships. Good Luck and the Best of everything.

Your Friend Always

Ben Srabeda
"Rab"

I'm on last page
Don Krantz

Dear Silvap
Can't write much as the Tech is getting hot under the 24 here. But thanks for a swell job on the Senior Play - hope you succeed in Journalism.

Jim Seable
"THE MIT"

Well Silvap,
I'm glad I got aboard to sign in the V-D section. (We've certainly beat it...) out of the old Tech Job but you know how it is. We'll never forget the old days and I'm proud to say I was one of them. Well, the best to you Kid, hope you succeed as we all hope we will.

So long Kid!

Arnie (Skip) Nelson

Good luck

Dear Don:
In these two years + VDBT it's been my good fortune to be associated with I hope which I appreciated the talents of each other. You and I are last one of these boys + have enjoyed being considered with you and wish you lots of Good Luck in the future.

"Pa"
Leonard
Stacey

RESERVED FOR "TECH'S" DOT BOYS

Dear Don —

Well, these four years aren't a helluva lot faster than I thought they'd be. I've enjoyed having you in most of my classes and I hope you are as big a success as you were in Montana. Someday you can introduce me to your sister.

Your friend,
Harry Jacques
(Baker)

Dear Don —

Well, you are leaving here now, + we're all sorry to see the gang break up I know. So, good luck + all that + I hope you succeed as can be —

Your Buddie
Larry (THE TWILITER)

Dear Don —

Well, these four years aren't a helluva lot faster than I thought they'd be. I've enjoyed having you in most of my classes and I hope you are as big a success as you were in Montana. Someday you can introduce me to your sister.

Your friend,
Harry Jacques

Don:
It's been swell being in the same V-DET class with you - we have all had a lot of fun with "Beck" and the rest of the boys. Best of wishes and loads of luck in the future.
Don ("the Big") Krauty

Lots of luck to a swell guy - I had me dickens of a time -
Dick Koller

Dear Don,
many wishes and my your life be happy and successful
Alice Lord
& Limping Lissie

Dear Don

Here's wishing one of my best friend's brother all the luck in the world. Although I have never heard you play keep up with the guitar. You're bound to be good with your smile and personality. Congratulations on your graduation.

Always,
Carol Wasmueller

Dearest, Darlingest, Donnie.

Here's wishing my best girlfriend all the luck in the world. All kidding aside, I hope you make the grade in everything you do. Get a bowling team together next year and we'll beat the pants off of you.

Your buddy, admirerer?
and life-long companion
Don (Rosy) Smallak
